"The voice of the Highlands"

14 pages

25 cents

Rubble, the foundation and two useless chimneys are all that remains of a house totally destroyed by fire Saturday morning. The house, owned by James and Barbara Todd, was located on highway 121 south.

A burning nightgown left in the house is believed to have caused the blaze.

Operator will seek affiliation with resort on Lake Kashagawigamog

Parasail school for Head Lake out

People won't be parasailing on Head Lake this summer, but they will be pedalling paddle boats.

At a meeting Monday Dysart et al council rejected a proposal from Barry Pettit of Willowdale for a parasailing and water ski school on the lake. But it supported a plan for paddle boats submitted by local businessmen Mike Easton and Vince Connaughtan.

Pettit had envisioned a school that would have operated six or seven days a week throughout the summer, towing parasailers behind a powerful boat and teaching water skiing when there was no demand for parasail rides. But council felt the lake was too small to accommodate

Pettit's scheme, reeve Murray Fearrey said in an interview following the meeting.

He noted that the lake is used extensively by fishermen, and that the school might also have conflicted with pleasure boating.

Council urged Pettit to approach tourist operators on Lake Kashagawigamog to see if the school could be run in conjunction with an existing

lodge.

If an agreement can be reached between the school and a tourist operator, the matter will be brought back to council for consideration.

The proposal for a paddle

boat operation was met with greater favour.

Under the scheme, a dozen paddle boats would be available for rent throughout the summer months. A student would be hired to supervise the rentals.

Interest charges have risen dramatically in the last year, and the new budget provides for a 136 per cent increase in interest payments to \$42,500.

The new budget also includes a sum of \$25,000 for special education services, which includes the board's share of the salary for a

Rails' End Gallery curator who will also act as a part time art consultant for the board.

Expenditures in the special education category are expected to increase significantly as the board implements the requirements of Bill 82, an act which compels all boards in the provinces to meet the educational needs of youngsters in their area.

Expenditures for replacements are also up in the new budget, primarily because

Municipal levies could be up even more

Board sets '81 budget of \$5,934,610, up 13.1%

The Haliburton County Board of Education has set a 1981 budget of \$5,934,610, an increase of 13.1 per cent over last year's budget.

Municipal levies have not been announced, but if grant support from the provincial Ministry of Education continues to decline relative to overall expenditures, as it has in previous years, local taxpayers could see the education portion of their tax bills rise by more than 13.1 per cent.

Spending increases are projected for almost every category in the budget, although according to business administrator Jim Leworthy, there is "nothing that stands out".

Salaries and fringe benefits which account for 67 per cent of the total budget, are up, but the actual percentage increase cannot be released until contract negotiations between the board and its teachers have been completed.

Transportation costs are up 15.9 per cent over last year because of a new, two-year agreement the board recently reached with local bus operators. Along with increases totalling 24 per cent, the contract also contains a gasoline price escalator clause intended to cushion the effect of rising prices for bus operators.

Major roof repairs must be carried out this year at Archie Stouffer and Cardiff elementary schools, Leworthy said.

Costs for heating oil are 28 per cent higher than in March, 1980, and overall heating oil expenditures are up another 18 per cent in the new budget.

Costs for supplies, instructional administration, paper, and supply teachers are also up in the new budget. Tuition fees for students who attend schools operated by other

boards will also be higher. Some costs are expected to remain stable or fall under the new budget, however.

No increase is expected in insurance expenditures. Electrical costs are expected to be down slightly because of conservation measures implemented in the schools, Leworthy said. And honorariums for trustees are also down this year. Under the terms of the Education Act, trustees remuneration must

drop to \$1200 per person from \$2400 last year because total enrolment in the county has fallen below 2000.

Debt service costs are also down a total of 12.5 per cent because a debenture for the secondary school was paid off in 1980.

There is no indication of how soon the level of provincial grant support will be announced. Once it is received, levies to local municipalities can be calculated.

Dysart plans to enforce rules prohibiting posters on poles

Campaign posters on hydro poles in Haliburton Village may be a sign of the times, but their placement is illegal.

At a meeting Monday, Dysart et al council decided regulations prohibiting the placing of signs on hydro poles should be enforced.

Unauthorized signs on hydro poles are illegal under Section 45 of the Power Corporation Act. Yet signs advertising everything from rock concerts to political candidates are a common sight throughout the county.

The sheer number of poles makes the regulation, which is intended largely to protect linemen from injury caused by nails and staples left in the poles, difficult to enforce.

In the case of the poles on main street, however, the problem should be simpler to

solve. They were purchased by the municipality last summer, as part of council's share of the cost of reconstruction of the connecting link through the village. And under the municipal act, council could pass a sign-by-law to prohibit the placing of signs on property under its control.

But candidates, rock concert promoters and others will

still get a chance to air their message in the future. Council decided that it would consider erecting notice boards in some areas of the municipality for use by the public.

Council also decided to advertise the fact that it does not want signs tacked on the poles.

Midgets move on

The Haliburton OMHA Midgets wrapped up their quarter final series against MacTier Sunday and will now advance to the semi-finals. The best three out of five series against Havelock will get underway this Friday night at the Dysart arena. Game time is 8 p.m. For a round-up of last weekend's action, see page two.

Monmouth wants Chamber representative

Still claiming the eastern part of the county is not receiving adequate coverage, Monmouth council requested guaranteed representation on the Chamber's board of directors.

At council's March meeting, Chamber manager Bob Stinson met with the council-

lors to discuss the township's unwillingness to renew its membership.

Reeve Keith Tallman said Monday the problem wasn't resolved yet but council's recommendation to Stinson was the eastern townships in the county deserved representation. Tallman noted that

the central and southern parts of the county were represented well by the elected directors.

"I'm not saying Monmouth needs one (director) but the eastern part of the county (including Glamorgan and Cardiff) does," Tallman said. "We're not getting the

coverage we deserve," he added.

Tallman said the Chamber might have to change its constitution to ensure the eastern section of the county was guaranteed a voting director on the board every term.

Three parishes unite

Bishop presides at induction service for Rev. Elliott

Reverend George Elliott was honoured by a large number of his parishioners and other members of the ministry who helped celebrate his induction to the Minden parish of the Anglican church.

Although the service was held at St. Paul's in Minden on Saturday, the congregations from St. Peter's in Maple Lake and St. Stephen's in Boshkung also attended the service.

Rt. Rev. Desmond C. Hunt, Suffragan Bishop from Trent-Durham region of the Diocese of Toronto, acted as celebrant for the induction. Rev. Elliott's former rector from St. Thomas-a-Beckett in Erin Mills, Rev. Tim Foley, preached a sermon intended to help guide Rev. Elliott and his congregations through their future years together.

Also participating in the special service were wardens Helen Johnson, Glynnie Lewis, John Barclay, Doug Brown, Agnes Taylor and Cecil Burk; layreaders Gareth Kellett and Lloyd Johnson; sidesmen, altar guild, the choir, organist and servers.

In his thank you address, Rev. Elliott thanked the members of the congregation who came to support him at the special service.

"We all share in the ministry of Christ and I am sure that He will continue to pour His love upon us in the years ahead," Rev. Elliott said.

The Rt. Reverend Desmond Hunt, Suffragan Bishop for Trent-Durham Region, right, presented Reverend George Elliott, left, to the congregations of St. Paul's of

Minden, St. Peter's of Maple Lake and St. Stephen's of Boshkung, last Saturday at an induction service.

Eric Tingey, instructor trainer from Peterborough, shows the proper hand grip to perform Cardio-Pulmonary Resuscitation (CPR) to Ann Walker. A CPR practical was conducted at the Lakeview Centre last Saturday. Other courses are being planned.

Skaters from the Haliburton club won awards at the Lindsay inter-club competitions recently. Gavin McKnight, left, won second prize in the pre-juvenile event, Travis Powers, centre, was awarded first place in the Pre-Preliminary Men's 'A' and Callum Wood, right, placed second in the same event.

Midgets win series, meet Havelock

Best 3 out of 5 provincial semi final gets underway this Friday

Haliburton Midgets took their quarter final series against MacTier after winning two straight games on the weekend.

Haliburton won the best of five series after dropping one game, to MacTier. The team now moves on to semi-final play against Havelock.

Saturday in MacTier, Haliburton squeaked past the home team with the winning goal scored in overtime. The scoreboard was like a seesaw with both teams leading at times throughout the game.

Taking advantage of the hometown ice, MacTier put their mark on the scoresheet first at 12:21 of the first period. Haliburton followed suit at 9:57 with a precision shot by Dave Nicholls, unassisted.

With the score tied leading into the second period, MacTier once again moved into first place at 12:37. But Nicholls scored unassisted to even the score at the 8:31 mark. Spurred on by their home ice fans, MacTier rack-

ed up two more counters before the period buzzer sounded.

In the third period, Haliburton poured the steam to the players and shot in three goals to take the lead. At 14:04 Scott Rae scored unassisted, at 11:13 Nicholls made his hat trick with the help of Dean Curry and at 7:08, Nicholls added another goal to his tally on a shot from Scott Mitchell.

But Haliburton wasn't to coast to victory as MacTier evened the scoreboard at 5:40.

Once again, Haliburton moved into the lead with only 3:39 remaining as Nicholls teamed up with Steve Smith for the goal.

MacTier was determined to take the victory with another point being added to the home team's score at 2:22 on their power play.

Haliburton was pumping when the overtime period began, and it took Curry only 38 seconds to get the winning goal on a shot from Nicholls.

The final score was 7-6 for Haliburton.

Haliburton was also leading the series 2-1.

Sunday, MacTier seemed to have lost most of its spirit as the home team devastated them 8-3.

Haliburton's boys were in top form as they pocketed three goals before the end of the first period while MacTier tallied only one.

Scoring for Haliburton were Curry off the sticks of Norm Barry and Nicholls at 7:12, Scott Mitchell from Nicholls and Curry at 2:57 and with only 52 seconds remaining Curry scored with the help of Nicholls and Fred Roberts.

With a three-point lead, Haliburton couldn't be kept down in the second frame. At 7:03, Nicholls scored from Scott Mitchell and Curry followed by another goal at 1:12 from Duff Mitchell assisted by Rae.

MacTier tried to dent Haliburton's lead at the beginning of the third period but the one goal did little good as

Haliburton came back with a marker from Nicholls assisted by Scott Mitchell and Barry Boice.

The home town boys found the mesh again as Nicholls made his hat trick with the help of Curry and Scott Mitchell.

MacTier bounced back with one more shot but it

didn't make any difference as Haliburton answered it on an unassisted shot from Smith with only 44 seconds remaining.

Haliburton will now meet Havelock in a three out of five provincial semi-final. The first game against Havelock is scheduled Friday at 8 p.m. at the Dysart arena.

Stove pipe overheats, cottage destroyed

A stove pipe being used as a chimney caused a Stanhope Township cottage to burn last Friday morning.

While the owners, Adolph and Ruby Redlich, were cross country skiing, their stove pipe apparently overheated

and ignited the house according to Stanhope's fire chief George Wilson.

The stove pipe was hooked to a wood stove, not an airtight, and was also protruding through the roof as a chimney, the fire department

representative said.

Although the cottage was on fire when the Redlichs returned, they apparently did not see any smoke coming from the building. When the door was opened the oxygen

**PROGRAM ORGANIZER
HALIBURTON AREA
for Women's Programs**

The Program Organizer will be responsible for identifying and assessing women's Continuing Education needs, especially women's changing roles in society, and designing and implementing suitable courses and programs.

The successful applicant will have excellent communication and organizational skills, a high degree of innovative thinking and a good knowledge of the community. The ability to relate positively to women of diverse backgrounds and education and to work creatively and independently are essential.

Training and/or related experience in adult education or program development are desirable but not imperative.

This is a part-time position (approximately 200-400 hours per year) with some evening or weekend work required.

Send your resume by March 18, 1981 to:

Dean, Continuing Education
Sir Sandford Fleming College
526 McDornell Street
PETERBOROUGH, Ontario K9J 7B1

(This position is open equally to men and women.)

AND MINDEN RECORDER**

Massive tourism development needed, Eakins tells supporters

Liberal incumbent John Eakins has called for massive development of tourism in Haliburton County. Speaking

Correction

A front page story on the Community Christian Concern Centre in last week's edition of the Haliburton County Echo, incorrectly stated that the centre's dedication service would be held on Saturday, March 14 at 4 p.m. The actual date of the service is Sunday, March 15 at 4 p.m.

The Echo regrets any inconvenience the error may have caused.

at a dance Saturday night sponsored by the riding's Liberal Association in the Canadian Legion hall in Haliburton, Eakins said he was determined to continue his efforts to help the region realize its tourist potential. This, he said, would require a long term plan of promotion, construction of facilities to accommodate tourists and, perhaps first of all, assistance to small business and young entrepreneurs to expand or establish.

The tourist business is vital to the riding, Eakins said. From Manvers in the south to Dorset in the north there is no one who does not stand to

benefit from a program to develop the resources of lakes, forests and rivers into a tourist paradise, he noted.

Eakins reminded his listeners that he chaired a task force on tourism at Queen's Park and that one of the recommendations of the task force was the establishment of a separate Ministry of Tourism. He said, he would continue to advocate this step in the legislature.

Eakins noted that Haliburton is greatly dependent on two industries, lumbering and tourism and that each was about equal in importance in the area's economy.

To abort? or Not to abort... THAT IS THE QUESTION

"A certain man has syphilis; his wife has tuberculosis;
of their four children, one has died and the other three
suffer from an incurable illness that is considered terminal.

The mother is pregnant.

What do you recommend?"

If you recommend abortion...

"You just killed Beethoven."

Instructor Shirley Rydman, right, watches Peter Hynard's technique while performing Cardio-Pulmonary Resuscitation (CPR) on a specially designed doll.

practical course on CPR was held at the Lakeview Centre on Saturday. Six students attended.

Fire hydrant may serve Haliburton's core

A fire hydrant to serve Haliburton's main street may be installed if area business

people can show that the hydrant would cut their fire insurance rates significantly.

Stove pipe causes blaze

from page 2
rushing in immediately spread the fire.

"He (Redlich) opened the door and it blew up on him," Wilson said.

When the fire department arrived at the fire, the pump had to be carried 1200 feet

before any water could be pumped onto the flames.

Wilson said people don't realize the danger of opening a door when a building is burning. The gas buildup inside can kill a person if the door is opened to feed the fire, Wilson said.

Ken Langdon, owner of Black's Hardware in the village, told Dysart et al council Monday that his fire insurance rates would be cut by up to 25 per cent if there was a hydrant within 1000 feet of his business.

Langdon suggested that if council felt it could not justify the expense of a hydrant, local business people might agree to foot the bill out of fire insurance savings.

If a hydrant is installed, it

could be supplied by a permanent pump located beside the Drag River below main street.

Council agreed the matter is worth pursuing, and suggested the local business association should investigate the savings members could expect if the hydrant is put in place.

Once the figures have been compiled, the matter will be brought back to council for further consideration.

Call comes too late to save building and contents

Woman hurt as blaze destroys house

A Lutterworth Township couple's house burned to the ground after the woman tore off a burning nightgown in

the house and raced to Minden Red Cross Hospital for treatment of her injuries. The home of James and

Barbara Todd, along Highway 121 south was burning out of control when the Anson, Hindon and Minden fire department arrived.

According to fire chief William Jackson, Barbara Todd accidentally ignited her nightgown and housecoat while trying to start a fire Saturday morning. She ap-

parently took off her burning clothing and then once outside the house, couldn't get back in to call the fire department, Jackson said. A nurse at the hospital finally phoned the fire hall.

By the time the department arrived at the scene, the fire was totally out of control and could not be saved. Barbara Todd's injuries are not believed to be serious, Jackson said.

Rusty stove pipe blamed

for blaze that totals cottage

A rotted stove pipe attached to a parlour stove is believed to have caused a Maple Lake cottage to burn down Sunday evening.

Although the Minden detachment of the OPP was called in to investigate the blaze which destroyed the cottage of Leon Dragon and

Olgierd Chicowski, no foul play is suspected.

Stanhope fire chief, George Wilson, said the OPP had taken pictures of the deteriorated stove pipe and it was doubtful that the Ontario Fire Marshal's office would be called in.

The weather:

Temperatures above average

Moderate temperatures prevailed in the Highlands over the last week as late winter began to look more and more like spring. Highest temperature recorded over the period of March 2 to March 9 was 4C., while the lowest was -14C.

A total of 9 cm. of snow fell, and there was no rainfall.

Snow depths now range from a trace in the south west to more than 20 cm. in the north east.

Skiing and snowmobiling conditions remain unchanged from last week, when they were poor to impossible. The only exceptions are in the extreme north and northeastern portions of the county, where conditions are still passable.

Lake levels have fallen in the last week, and ice has now broken away from the shoreline of some lakes.

Little change in the weather is expected for the rest of the week, with cloudy skies expected to predominate and temperatures remaining slightly above freezing during the day and falling below the freezing mark at night.

ECHO EDITORIALS

Time to reflect

With barely a week left before voters go to the polls to choose a new provincial government, local voters should be asking themselves where the candidates stand on a number of issues that are important not only to the future of this riding, but to the province as a whole. And since it appears that Haliburton County voters are not going to have an opportunity to see the candidates perform in a public debate, the questions must be answered by looking beyond the campaign brochures and advertisements, to the record of the past.

When it comes to choosing a candidate, many voters in the northern half of Victoria/Haliburton appear to take a grass roots view of the issues. What, they often say, can the candidate or the party do for us? What kind of goodies can we expect if we elect one candidate or another; one party or another?

This approach may have been valid in the past, but its importance is and should be diminishing today. The purpose of representation is not to ensure that narrow concerns are addressed on a first come or 'squeaky wheel' basis. Local representation should provide a strong voice on broad issues that touch the lives not only of local residents, but of citizens who live in other ridings.

Issues such as police protection, hydro rates, car licence fees, tourism incentives, industrial development policies, acid rain and environmental controls may have particular relevance here, but they must be addressed within the context of government policy on a province-wide basis. Approaching these issues in any other way is simply ineffective, as Haliburton County council representatives found out recently on a visit to Queen's Park. No matter how loudly they protest the government freeze on OPP manpower, county councillors' voices fall on deaf ears. Improved police protection cannot be considered merely as a local need, but as one that is just as pressing in scores of rural Ontario municipalities.

Hydro rates are another area where a new approach is needed. Until the government takes the view that it is unfair to penalize people who live in rural areas by charging them 30 per cent more for hydro than city dwellers are charged, no relief can be expected.

Environmental issues like acid rain have an importance that goes beyond grass roots concerns. The problem is too broad ranging. Only changes in government policy toward polluters, a toughening of emission standards and a greater emphasis on research and remedial programs can help delay or avert the death of lakes in Haliburton County and areas to the west, east and north.

Incentives to industry and help for the tourism sector are also matters that can only be addressed through policies and approaches that look beyond local concerns.

Voters should take the time to assess the performance and the policies of the three parties on these and other issues. They should look carefully at the claims of the candidates, and at the attitudes they are bringing to bear in their campaigns. And voters should not be fooled into thinking that the election of one man or another will bring goodies into the riding. Pork barrel politics may still exist, but the approach should not be condoned by serious people with serious concerns about the future not only of this riding, but of the province as a whole.

Take a look at the issues. Recognize that MPP's are elected not merely to address narrow local concerns, but to take an active part in the process of government that shapes the future of Ontario. And then cast your ballot.

Cheer them on

Haliburton's OMHA Midgets have skated their way to the Ontario semi-finals. Whether or not they win an upcoming series against Havelock and go on to challenge for the provincial title will depend not only on their own skills, but on the support they receive from local fans.

In the past few weeks, the teams has shown it can play excellent hockey. It has shown it can skate aggressively and check cleanly. And it has also shown that it just may have what it takes to bring a provincial title home.

If the Midgets have the skill, and many people believe they do, the team will go all the way. And if local fans get out and cheer the team on, the effort will be just that much more likely to succeed. So how about it? Why not lend your support? The players will appreciate it.

And who knows?

You may help to bring them the luck that will make a difference.

LETTERS to the EDITOR

To the Editor:

After reading your editorial in March fourth issue questioning the cost of maintaining Hyland Crest Home for senior citizens I am prompted to describe my experience during more than four years as a resident.

Those who chose the site and planned the structure deserve a pat on the back. The building is spacious, has bright rooms, a fine chapel, lounges for those who wish to be among others and smaller facilities for residents and visitors for private visits, a large auditorium with fine acoustics and an ample stage (this is a much used room), and numerous washrooms with special aids for older people.

There is also a large well lighted main dining room plus a smaller cheerful room for those who require help with meals.

Hyland Crest is staffed in every department by cheerful careful, well trained personnel. It would not be fair to choose a "best", however, personally I have the nursing staff plus an assist from the medics to thank for building my health after surgery to where I am able to look after my needs in an apartment in Minden's "Sunrise Apartment for Seniors".

My wife, who was a patient in two privately managed nursing homes before transferring to Hyland Crest, still requires care that I am unable to provide. This institution is greatly superior in every way to the previous homes.

A special reference to the activities director and her assistant who contribute so much to the welfare of the residents, directing "fun and fitness" exercises, movies, the crafts department and no doubt spending many hours of volunteer time cheerfully and enthusiastically.

Added to the above are members of the Hyland Crest auxiliary, the various church leaders, service clubs, musicians, public and secondary school students. Add it all together the result is a model "home" for older people.

Citizens of Haliburton County should be proud to have this splendid final home on this earth for many who pioneered in the Highlands of Haliburton. Surely there can be found a way to continue maintaining them in a spotlessly clean, well managed and for most of us a happy comfortable "end of the road".

H. G. Robinson,
Minden, Ontario

To the Editor:

You stated in your editorial of March 4, 1981 that Hyland Crest senior citizens home is administered by a committee of publicly elected politicians. Some of these publicly elected politicians should open their eyes and minds and personally see the excellent care that the senior citizens receive in this home.

Furthermore the home has a first class administrator in Mr. Brown. He personally takes an interest in every resident of the home.

You also stated that it is supported "entirely by public funds". This statement seems strange since

each senior citizen is paying for their keep with monies from their old age pensions so how can the home be "supported entirely by public funds".

You also stated that the home has close to "60 employees" for sixty residents. What you failed to mention in your editorial is that quite a few of the 60 employees are working on a part time basis only. This then refutes your statement of a one to one ratio of employee-residents.

The residents have a full recreational schedule in the home. If you (the editor) would care to come to the home you could look at the schedule (daily) for the month posted on the bulletin board for all residents to read and decide on their own recreation needs.

The bus sits idle in the parking lot during the winter months because the residents do not choose to go on bus tours during the cold weather. During the rest of the seasons weekly and bi-weekly outings are planned. If you are interested in saving money think of the savings on gas during the winter months.

Winnifred Johnson,
Minden, Ontario

To the Editor:

I would like to comment on the hockey game in Cannington, February 24 between Haliburton and Cannington Bantam A's. The local boys won the game fair and square, but because of a very poor referee the boys are out of hockey for the season.

Our boys out-played and out-scored them, but still came out on the short end of the stick. The officiating we received in Cannington for two games plus one game in Millbrook should only make the person who assigns the referees from O.M.H.A. hang their heads in shame. Good hockey players are made up of the ability to think and skate fast, plus knowledge of the game and a whole lot of guts. If you haven't got these qualifications, and you can't make a hockey player, don't give up, you are not a failure; you can still become a referee. Yes, that's right, a referee, and get paid good money plus mileage to do it.

Now don't get me wrong; there are good referees in the league, and they work very hard at their job. It is a privilege to watch a game of hockey when the officiating is good. But there are so many who can't skate properly, and so are never in the right place to make the proper calls. I will bet you that a good 12 year old hockey player can out-skate 75 per cent of the referees around today.

I would like to know if anyone who ever went to write their exams to become a referee, was ever turned down. I don't know of one, do you? Protesting a referee in a game like this to O.M.H.A., is a joke; a \$50.00 joke, because that is what it costs a team to file a protest.

I think if the government wants to clean up the violence in hockey, they should start with O.M.H.A. because poor refereeing causes about 90 per cent of the problems that occur on the ice.

To the local boys on this team, I personally am proud of the job you have done all season. I know, and you know that we did not lose the games in

Feir Play

by
Creighton Feir

They tell us that Canadians are getting into fitness now. The people from Participation are responsible for this and in the past two or three years they have been reminding us through the media that now is the time to get fit and get into shape. On television they keep reminding us of another great moment in sports when someone has accomplished the feat of walking around the block, possibly put on the skates for the first time in years or taken the family out cross country skiing. When they arrive back home following this bit of exercise they are all excited knowing full well that this is a start of an exercise program that they hope they will continue to do on a regular basis. Most of us know deep down, but we hesitate to admit the fact that we are out of shape and that there is only one way to get feeling better and keep in good health and that is to start on some kind of a regular exercise program. There is no doubt about the fact that many people have pulled away from the television set and are using this time to work in a fitness program. Just look around you and it is quite noticeable that many people are out jogging, many people are leaving their cars and trucks at home and walking, cross country skiing has become very popular, many are skating once again, a record number are curling and playing squash in Haliburton and other centres and men's recreational hockey leagues have sprung up in both Minden and Haliburton and a large number of men enjoy playing hockey for the fun of it and the game also keeps them in shape. In the good old summertime, tennis and golf are great exercise sports along with swimming, baseball, hiking or you name it. Yes, fitness is now the name of the game, and if it doesn't do anything else it will help to keep a person's weight down. I love to see people out jogging and I firmly believe that it's the proper thing to do if you are trying to keep in shape. When it comes to exercising on a daily basis one has to discipline themselves to the point that it becomes a daily habit. As Howie Meeker would say "Walk a block a day, it's a step in the right direction".

The Haliburton and District Association for the Mentally Retarded will be held this coming Thursday evening at 8:00 p.m. at the Lakeview Centre in Haliburton. The association is seeking your support. Please try to attend this meeting if you possibly can. That date once again is this Thursday night, March 12.

Ken Campbell from Milton, Ontario, president and founder of Renaissance International will be the guest speaker when the Full Gospel Businessmen's Fellowship in Canada holds its monthly dinner meeting at the Royal Canadian Legion Hall in Haliburton on Friday, March 20 at 7:00 p.m. Ken Campbell has conducted crusades for 25 years in which he is president of the Campbell Evangelistic Association, along with gospel musician Jim Reese. The Campbell-Reese team held crusades in Haliburton in 1966 and again in 1969. He is the founder and president of Richmond College in Toronto and is a former pastor and teacher in Ontario and Tennessee, and has recently accepted the call of his home congregation to serve as the associate pastor. He is also the author of three books.

Mr. and Mrs. Earle Casey spent part of last week with Mr. and Mrs. E. Miller in Walkerton. Also visiting the Miller's were Mr. and Mrs. Temple Sinclair from Hornby Island, B.C. It is the first time in 36 years that the three men had been together. They were three of a crew of seven who were in 428 "Ghost" Squadron, R.C.A.F. They were hit by flak over Kiel, Germany on April 13, 1945 and went down in the North Sea. Six of the crew ended up spending 12 days adrift on the North Sea in a rubber dingy and finally picked up by a German Red Cross boat and taken prisoners of war. The Sinclairs accompanied the Casey's to Haliburton where they viewed some of the highlights of the area before continuing on to Bancroft to visit Mrs. E. Vardy, the mother of Flt. Sgt. A. Vardy who went down with the plane.

The members of the Haliburton United Church held a Family Fun Night at the Haliburton Highlands Secondary School on Saturday night. A good crowd was on hand for dancing, games and other entertainment. The congregation from St. Anthony's Catholic Church were invited and during the evening the United Church members presented them with a donation for their building fund. All present enjoyed a delicious potluck lunch.

There seems to be a great many people who live in the big city who wonder how we manage to put in the time here in Haliburton County. Well let me tell you, there is plenty of activities to keep one busy most of the time. We have many new sports facilities in the county and when it comes to winter sports we have a great deal to offer. Some people tell me that during the winter months they are so busy that they just don't seem to have a minute to themselves.

Greg Brown who ministers at the West Guilford Gospel Chapel will be the guest speaker when the Brotherhood of Anglican Churchmen hold their monthly communion and breakfast at St. George's Anglican Church in Haliburton this coming Sunday morning, March 15 at 8:00 a.m. He will speak on the subject of a youth program for the newly opened Community Christian Concern Centre on Haliburton's main street.

Congratulations are in order to Curry Motors Limited hockey club who won the Haliburton Recreation Hockey League championship at the arena in Haliburton on Monday night.

Pic of the Past

Our thanks go out this week to Mrs. J. B. Segwick of R.R. 1, Minden, Ontario for submitting this photo of the students who attended the Gelert school in June 1949. The teacher at that time was Mrs. Harold Carr. Back row from the left: Gene Newell, Bert Milburn, Barbara Newell, Genevieve Sedgwick, Victor Sedg-

wick, Jack Currah. Middle row: Hartley Newell, Ronald McElwain, Sylvia Blatherwick, Rennie Currah, Joe Peacock. Front row: Dorothy F. ck, Viola Sedgwick, Bobby Francis, Mylford McElwain.

Bill Smiley

Isn't it amazing how little our world really is? How petty and small and mean we are underneath our professed liberalism, generosity, compassion?

The situation in Poland is very dicy. The Mexican stand-off in the Middle East is a torch, loaded with pitch, just waiting for a match. There are bush fires and brush fires of wars all over the world.

Canada is in a mess, politically, economically and spiritually. There are noses thumbed at the Queen by would-be head-liners. There is a big flap about the constitution. The West is howling separatism. Quebec still

wants it, psychologically. Even Newfie is threatening a referendum on separating. Shame, after all that federal money poured in to ensure the perpetuation of the Liberal government.

Outside as I write, the great February storm is raging: snow, high winds, rain, freezing. Tomorrow will be one of those days when the school buses don't run, the smart kids in town will roll over and go to sleep after looking at the snowbanked windows. And a few dumb kids, and a lot of dumb teachers, will stagger through the storm, at risk of life and limb, to keep the stupid school open.

And yet, all these storms, international, national and local, don't bother me half as much as the one in my own household. Here's where the suspense begins. Wife left him? Nabbed by the cops for mope and gawker?

Poles and Russians have been clobbering each other with ten-foot poles and vodka for hundreds of years. The Jews and Arabs have been doing the same for three thousand years. Likewise the North and South of whatever: Viet Nam, Korea, the U.S. Likewise all sorts of black people all over Africa.

In Toronto, the cops punch up the gays, who respond with violence. In the West, a whole can of worms has been opened, and the worms all turn out to be from Ontario and Quebec. In parliament, lies are told, fingers pointed, desks thumped, and the government goes right on dazling us with one hand, and with the other, lifting money from our wallets to help out poor little old Massey-Ferguson, poor little old Chrysler, poor little old Petro-Can. While that bulwark of idealism, the NDP, nods and smiles, and taps its foot to the Liberal tune.

Right outside my window, the snow is coming down so hard that the wind has no time for sculpturing. One guy is trying to climb the hill sideways, in his car. Another has just rammed his into a snowbank and walked away. He is the one who boasted that he never used snow tires, because he had radials. Across the country, people are driving under insane conditions, taking their own lives and those of others in their hands, to get from nowhere to nowhere.

And yet, as I said, all these storms seem trivial compared to the domestic storm. More suspense.

To generously, not to say wildly, paraphrase King Lear: "Blow, storm; lie, poli-

ticians; smite, Middle-Easterners; plot, Slavs. Go to it, and best of luck to yiz all."

But your plight brings little sympathy, no tears, from one who is spider-webbed into a bungee of decorating. As I am.

Most women do their spring decorating in the spring. Mine, just as perverse as the day I asked her to marry me, and she retorted, "Why should I?" does hers in mid-winter. Don't ask me why, I'm likely to erupt in a fountain of bad language.

I'll swear my eyes are permanently crossed from looking at wallpaper samples. After the first four books, they all begin to look alike. Same with paint. After inspecting peach, ivory, mushroom, off-white and six others, I wouldn't know a red cow from a purple pig, if I bumped into one or fell over the other.

Not that there's a difference of opinion. We did agree on the wallpaper. At least the design. She liked the stuff that was \$14.95 a roll. I was swept away by the stuff, identical design, that was \$4.95 a roll. But the difference is chicken-feed, as you'll agree. Some chicken.

But it's not that. It's not the money. After all, you can't take it with you. Though I doubt if I'll be around long enough to take anything anywhere, even the garbage out to the roadside, after the latest decorating orgy.

It's the little details. She can't seem to sort out the order of things. She makes a deal with the painter-decorator to start on a certain day. The day before he is to arrive, she rushes out to pick the wallpaper. Wallpaper is like the Canadian mail. It gets there when it gets there. If ever.

Next day, she arranges for a cleaning lady to wash the woodwork. The lady, much sought after, can come only

between the painting and the papering. This means that the paint goes on over dirty wood-work, and there's nobody to clean up after the plasterer, who makes such a mess that the wallpaper looks like the dunes of the Sahara. And so on.

I could write a book about decorating. All I'd have to do is listen to my wife before breakfast, before dinner, after dinner, and before bed. Which I have to do anyway.

No wonder colleagues say when I arrive at work: "You look exhausted." Substitute "harassed," "frightened," "desperate" or "frantic," and you have the average Canadian male when his wife decides that the homestead is shabby, disgraceful, slummy, and so on and on and on.

Advance poll dates announced

Three advance polls will be held prior to normal polling day on March 19 for Ontario's 32nd general election.

Advance polling will be carried out on March 12, March 14 and March 16 -- between 11:00 a.m. and 8:00 p.m. each day.

Advance polls are for the convenience of qualified voters whose names appear on the polling lists for their polling divisions and who expect to be unable to vote on election day. Voters are reminded that they may use any advance poll in their electoral district.

ONTARIO GOVERNMENT TENDER

TENDER MECHANICAL CONTRACTORS

To provide repairs and renovations to plumbing in the kitchen building at the Leslie M. Frost Resource Centre, Dorset, Ontario. TENDER # LIN-81-006 - P87273.

Sealed tenders will be received until 2:00 P.M. LOCAL TIME, MARCH 31, 1981.

Tender Documents may be obtained from the Ontario Ministry of Government Services, Lindsay Regional Office, 322 Kent Street West, P.O. Box 7000, Lindsay, Ontario. NOTE: For further information regarding this tender, please call Mrs. E. M. Neale at the above address. Telephone: (705) 324-9188. The lowest or any tender not necessarily accepted.

MINISTRY OF GOVERNMENT SERVICES
Ontario

From the Chamber By Bob Stinson

- Intended for last week -

We have a busy spring coming up this year and we thought it might be a good idea to use the column this week to review some of the upcoming dates we have planned. Pick out the items that concern you and mark them on your calendar now.

Wednesday, March 18 - The Haliburton County Economic Development Commission meets the afternoon of the third Wednesday of each month and usually at the Dysart Council Chambers. If you have concerns or ideas you would like to have the commission place on their agenda phone the Chamber office or talk to one of the members of the commission and we'll be glad to arrange it for you.

March 20 to 29 - The Toronto Sportsmen's Show. We will be back at our regular spot, booth W-31 and are still accepting members participation in the booth. You may have your brochures in the booth for the duration of the show for a rack fee of \$25.00 or spend two days in the booth with us promoting your business plus the literature distributed throughout the show for \$75.00. We limit participation to only one member in a particular type of business each day so call and let the office know if you wish to participate in either way.

April 1 - Chamber Director's Meeting. Members are always welcome to attend meetings if they so desire and may obtain the location for any particular meeting by calling the Chamber office at 286-1760.

April 6 - Small Business Development Corporation Workshop - The Haliburton County Economic Development Commission have arranged with Dave Crawford, Manager of the Advisory Section of the Ministry of Industry and Tourism to provide us with details of how to start a Development Corporation here in Haliburton. There are excellent tax advantages to individuals who invest money in such a corporation and if such a group is formed it could provide the capital required to finance some of the ideas that have appeared to be viable but require this support.

April 8 - Roast the Chamber Night at the PineStone Inn. The Chamber will by this time know what budget they have to work with over the next year and will briefly present their marketing plan for that time period. The balance of the evening will be devoted to hearing your beefs, complaints and concerns and the full board of directors will be present to deal with them. Don't miss this chance to let us know what we should have done, should be doing and why.

April 15 - Bookkeeping Seminar - A full day at the PineStone Inn. The F.B.D.B. are presenting this excellent workshop in cooperation with the Chamber and we highly recommend it to those who are wrestling with a set of books and have not had any formal training. This one day crash course will assist you in many ways to understand the procedures and adapt them to your business. This is the only F.B.D.B. workshop planned for our area this year, so don't miss it.

April 16 - Chamber/Snowmobile Meeting - The Chamber and the H.C.S.A. are holding this meeting to explore ways of acquiring the necessary funds to provide the quality of trails that are needed to encourage tourism in our county. With traffic increasing and grants decreasing the problem is a growing one that must be faced. Those with positive ideas are most welcome to attend - 7:30 p.m. at the PineStone Inn.

May 11 - Starting a Small Business Workshop - The Haliburton County Economic Development Commission have arranged with Mr. Bob Pollock of M.I.T. to present this very worthwhile evening. If you have ever considered going into business for yourself, or have recently done so you will find out about the many pitfalls and how to avoid them and how to plan for future expansion and progress. Call the Chamber office to register in advance. There is no charge to attend.

March 11 - Scheduled date for our new toll free line to go into effect. We still have room for a few more members to make use of the line at only \$50 per month. Call the Chamber office at 286-1760 for more information. The toll free number once again is 1-800-461-7677.

The lack of winter conditions continues to be a major topic of conversation. While it has suddenly brought a successful tourist season and much of the logging in the bush to a halt it will apparently give those in the construction field an early start and assist them in the project they have already underway. Maple syrup sap producers are experiencing on again, off again sap runs as the weather teeters with indecision. It has been somewhat encouraging also to note how many visitors are still coming in spite of the weather and

finding other pastimes such as hiking on the would-be cross country and snowmobile trails.

It should be noted that in the northern part of the county there is still enough snow to snowmobile and ski at such places as Haliburton Wildlife, the Frost Centre and the Sherbourne trails.

"North to Carnarvon" Recording Released

The Metro Carnarvon Board of Trade and Wine Tasting Society has, at many of their functions over the past year, been fortunate to obtain the services of a talented country and western band known as "Jeff Barry and the Berry Pickers". When it became known that the band was planning on cutting a record, "Metro-Commissioner" Jim McLean asked if they would like to include one that he has re-written the words to based on the old North to Alaska favourite. The band liked the new version so much they not only agreed to include it, but they made it the title song of the album. The album cover sports a picture of the group perched on a rock cut along the Vankoughnet Road with a Carnarvon highway sign in the background.

Aside from the fact that many will want the album simply because it identifies with a local scene, we can assure you the recording is also quite good and we are sure you will enjoy it. Congratulations to "Metro Carnarvon" for pulling off another victory. The album is available for \$7.00 at Riverside Garage in West Guilford, Sir Sam's Inn, Mr. Fogg's, Air Haliburton, The Toronto-Dominion Bank in Minden and here at the Chamber of Commerce.

Snowmobile Association Dance & Draw

On Saturday, March 21, the H.C.S.A. will be holding their big dance at the arena in Minden featuring music by D. J. Tommy Williams. Tickets are available for \$8.00 in advance or \$10.00 at the door.

The major event at this dance will be the draw for \$2,000 in purchases for which tickets are still being sold. This entitles the winner to go to one or more of the advertisers in the H.C.S.A. annual directory and spend the \$2,000.00 on any items he or she desires. If you haven't got a ticket yet see any club member or pick one up at the Chamber.

Advertise at the Chamber

With the spring-like weather it's bringing the folks out who like to take a drive up and look around

Cannington, but were cheated out of them. Hold your head up high, the losers in this sort of situation is the game of hockey itself. If the arenas are sitting empty in the next four to five years, you know who to blame.

Gary Warburton,
Haliburton, Ontario

To the Editor:

"Heart Month" in Canada is now over for another year.

Our objective for the 1981 "Heart Fund" campaign was \$7 million and although all returns are not yet in, we are quite hopeful that our objective will be attained. Without your willing cooperation in communicating our needs to the public, we would not be able to express such a positive outlook.

The Medical Committee of the Ontario Heart Foundation, met at the end of January to review research applications submitted to us for support. You will be pleased to know that after deliberations \$7.4 million has been committed to cardiovascular and cerebrovascular research projects in Ontario, commencing July 1981. The financial support of many individuals and businesses in our province, has made this commitment possible.

Thank you again for helping us to ensure that research against our nation's number one health enemy will continue.

Yours very truly,
Canadian Heart Foundation

COUNTY ECHO SPORTS

Novice B team

could face
tough series

Haliburton's Novice B Tri-County team could be in store for a tough series against Bobcaygeon if the first two games are any indication.

The series is now split with one game to each team while scores have been only one goal apart in both matches.

Haliburton won its match on Bobcaygeon's home ice last Saturday in a close 2-1 decision.

Neither team could get a good clear shot at the net throughout the first, second and over half of the third period until an untimely penalty caused Bobcaygeon's downfall.

At 4:50 in the third frame, Haliburton was playing hard on the power play and with only seven seconds remaining in Bobcaygeon's penalty, Shawn Perrin scored unassisted.

The goal gave the Haliburton boys the confidence they needed to put another marker in the net. At the three minute mark, Drew Bannister scored off a pass from Perrin.

With the final minutes passing Bobcaygeon made a good shot and took away the shut-out from Haliburton's Jamie Hunter.

When Bobcaygeon travelled to Haliburton Monday night, the boys didn't let Haliburton's home town ice influence them. They won the match 1-0.

Bobcaygeon's lone goal was scored in the second period. Jamie Hunter was again in goal for Haliburton.

16 rinks compete

Haliburton rink wins ladies spiel

Emily LaRue's rink from Haliburton captured the championship trophy in the annual Ladies Bonsel at the Haliburton Curling Club last Saturday.

LaRue's rink with vice

Debbie Wilson, second Phyllis Bishop and lead Connie Wood, were the top contenders of the 16 teams that participated in the bonspiel.

The second high two game

winner was Marilyn Hadley's rink from Lindsay. Third high two game winner trophy was presented to Joan McKinley's rink from Weston and fourth high two game

Cont'd. page 14

Hard and fast sweeping kept this team member busy at the annual bonspiel on Saturday.

With the rock's momentum keeping it curling down the ice, sweepers had an easier and more relaxing time at Saturday's Ladies Bonsel.

Curry Motors won the men's recreational hockey league playoffs in the final game Monday. They defeated Bishop & Wilson 7-5 in the final minutes. Back row, left to right, Steve Cooper, Mark Schell, Brian

Black, Gary Burtch, Bill Irvine, John Beachli, Tom Curry, Greg Bishop; front row, Glen Fick, Jim McPhail, Larry Hartin, Tony Salvatori and Jim Andrews.

OMHA Atoms in first place in series

series. The hometown boys hosted Fenelon Falls last Tuesday in a close game which ended

with Haliburton victorious, but only by a slim single point.

Haliburton came through with a strong first period to accumulate three points while the opponents only drove one goal home.

Jaro Cooper was the first on the scoreboard with Erin Nicholls setting the shot up at 8:57. Only 53 seconds later, Nicholls was the scorer while Dean Brownson and Cooper assisted. Fenelon Falls made the mark at 2:15 with a

combination shot to lessen Haliburton's lead. The team of Brownson, Nicholls and Cooper were still hot however, as Brownson sunk the puck into the mesh once more before the period ended.

Fenelon Falls got underway in the second period with a quick unassisted goal, only to be matched by Nicholls' goal from Brownson at 4:36. At 2:51 Fenelon Falls once again tried to get closer to the lead with another unassisted goal but it was replayed by

Haliburton with only 14 seconds remaining. Cooper scored with the help of Nicholls and Ron Perrin.

Fenelon Falls managed the only goal in the third period but it wasn't enough to stop the Haliburton machine from rolling on to a 5-4 victory.

In a return visit to Fenelon on Friday evening, the Haliburton team blanked their hosts 6-0.

Gavin McKnight recorded the shut-out for Haliburton. Haliburton's first goal came from Cooper on a combination shot from Brownson and Nicholls at 5:03 in the first period.

In the second period Nicholls scored with Cooper assisting at 4:14. The visitors widened the lead to three points on a goal from Darren Byers with help from Philip Johnston and Jeff Warburton at 1:26.

Cont'd. page 7

Recreational hockey ends

Motormen take trophy, oust surveyors' team in final

Curry Motor's team reigned supreme in the men's recreational league championship Monday night. In the final bout against Bishop and Wilson, the motormen took the title 7-5.

The teams were closely matched throughout the game with Bishop and Wilson pulling the goalie in the final

minute in hopes of tying the motormen.

Scoring for Curry's team were Tom Curry on a pass from Greg Bishop and Mark Schell followed by another combination play by Brian Black, Schell and Curry. The team's next goal came from Curry with the assistance of Bishop and Tony Salvatori

and Bill Irvine scored unassisted.

Bob Woodcock was Bishop and Wilson's top scorer throughout the game. Rene Bonfield helped on Woodcock's first goal with John Wilson assisting on the second. Rick Wood made the mark with the help of Wilson and Woodcock, while Woodcock tied the score at four all in the second period with the help of Wood.

Neither team could break the tie before the end of the second period. In the third, Gary Burtch gave Curry's the lead with the assist going to Irvine.

Bishop and Wilson bounced back to tie the score again with another goal from Woodcock and Wood.

The mighty Curry men continued to push on and Curry scored unassisted to take the lead for the motormen.

With the seconds passing on the clock, Bishop and Wilson's goalie, Barry Robertson raced to the players bench in hopes of his team scoring the much-needed tying goal.

The play backfired when the motormen took control of the puck and fired it into the empty net to widen the lead to two points with only 20 seconds remaining.

Junior girls almost win at COSSA match

The Junior Girls Volleyball team from Haliburton Highlands Secondary School got within two points of bringing home the C.O.S.S.A. volleyball championship on Tuesday, March 3. The girls had qualified for the tournament, held this year in Cloncyne, by winning the Kawartha 'A' Championship on Tuesday, February 17. They headed for Cloncyne with mixed feelings, not knowing what they would face, but wanting to give it their best and hoping that would be good enough to bring a girls' C.O.S.S.A. championship to the school for the first time in recent years.

In round-robin play, they first faced the host school, North Addington, defending C.O.S.S.A. champions. The Haliburton girls played very impressively in these two games, taking the first 15-5 and coming back from an 11-5 deficit to take the second game 15-11. The girls next faced their Kawartha rivals from Campbellford, and these two very close games went to Campbellford 15-10 and 15-12. However, the girls were determined to earn a playoff position and promptly shattered the team from Dennis O'Connor 15-4 and 15-7. North Addington's defeat of Campbellford created a three-way tie, but point spread gave first place to the host school and second to Haliburton, setting the stage for the best two out of three final match.

In the first game, Haliburton defeated North Addington 15-12. In the second game the girls found themselves down 14-9, but fought back to tie the score at 14-14. At this point, with Haliburton needing just two more scores to take the championship, North Addington gained service and scored the next two points to tie the match at one game apiece. In the final game the Haliburton girls tried desperately to once again stall North Addington's momentum, but the host school took the game 15-9.

The team members are to be congratulated for the skill, dedication, hard work, team effort and good sportsmanship that they displayed this season.

The team members are to be congratulated for the skill, dedication, hard work, team effort and good sportsmanship that they displayed this season.

The team members are to be congratulated for the skill, dedication, hard work, team effort and good sportsmanship that they displayed this season.

The team members are to be congratulated for the skill, dedication, hard work, team effort and good sportsmanship that they displayed this season.

The Scoresheet

Minden Tykes played strongly in an exhibition game against Bracebridge on Sunday.

In the first period Justin Gentle scored unassisted. Danny Potter made Minden's next goal from Chad Connelly. Oliver Greer found the mesh on a pass from Aaron Hie and Hie did an about-face to score assisted by Jay Hughes.

Leading their visitors by four points Hie scored again from Connelly and Hunter Obee. Hie wrapped up a hat trick later in the frame on a combination shot from Greer and Steven Beaver.

In the third frame Potter scored once again with the help of Connelly. Bracebridge made its mark on the scoreboard to save themselves from being shut out by Minden's Donald Landry.

The Tykes are in top form for their tournament at home on March 28.

Help keep the promise of Ontario. Elect a Davis government.

Ontario is rich in promise. We have the people, the resources, the initiative and the vitality to make Ontario the envy of the world. But promises do not fulfill themselves. To build the future we need strength and leadership. Premier Bill Davis has demonstrated that leadership. He has shown that he has the understanding and the vision to identify the priorities in Ontario's future and to take

the vigorous action needed to capitalize on them.

The Davis Government's new B.I.L.D. plan is a comprehensive economic program, designed to stimulate the economy, create jobs and to realize Ontario's future potential.

The B.I.L.D. program provides for the necessary planning and assistance to create growth in all the following areas of activity: energy independence, development of resources, including farming and forestry; industry; human resources, with new emphasis on training for skilled and professional employment; transportation and communications; tourism; every aspect of Ontario's economic life. And the B.I.L.D. program is backed by the solid performance of the Davis government in economic activities which have created new Ontario jobs at the average rate of 100,000 per year for the last five years.

Ontario needs the strength and experience of Premier Bill Davis as its leader. On March 19th, you will have your chance to support the B.I.L.D. program, to keep the promise of Ontario through your support of your Davis candidate.

**On March 19th, elect your Davis candidate.

Scheduled for 5:00 P.M.

Admission: \$1.00 Adults .50* Children

Minden wins championship title at juvenile tournament

Minden Juveniles played three strong games to take the championship trophy at the first Minden Juvenile tournament hosted at the arena, Saturday.

While the home town team won the top trophy the consolation title went to Bobcaygeon.

In first round play, Minden destroyed Baysville in a 10-0 decision. Duane Lennie recorded the shut out, and Kevin Shapiera and Shaun Silvers dazzled the fans with hat tricks.

While the home town team was playing hard and the Baysville boys might have been frustrated towards the end, neither team received a penalty throughout the game.

Shapiera started off his hat trick early in the first period at 13:40 with an unassisted goal. Silvers was the second man to find the mesh on a pass from Les Booth at 8:37.

With only a two-point lead moving into the second period, the Minden team might not have realized the victory that was in store for them. At 13:23 Shapiera lined up a shot from Silvers to add another point to the total. Booth and Shapiera set up Silvers on the team's next goal at 12:48. The threesome were still stickhandling as Shapiera made the goal assisted by Booth and Silvers at 7:51. Ivan Ingram put the next marker on the scoreboard on a shot from Greg Carpenter at 6:52.

With a six-point spread and a shut-out looming on the horizon, Rick Beeneey chalked up another goal on a pass from Ingram at 13:36. The next Minden goal came from Pete Johnson assisted by Dave Lennie and Warren Mann at 11:03. Silvers completed his hat trick on a nice pass from Dave Lennie at the 6:37 mark. Minden's tenth and final goal came from Johnson assisted by Mann.

In other first round play, St. Andrew's defeated Fenelon Falls 5-3, Sacred Heart lost out to Cannington in a close 3-2 game and St. Giles edged Bobcaygeon 5-1.

On the way to the championship match Minden downed St. Andrew's 7-1.

While the calibre of hockey was good, the game was marred by too many penalties and game miscon-

ducts by both teams.

Minden's boys looked like they were made of championship material as Dave Lennie was quick off the mark on a fast combination pass from Silvers and Shapiera. Shapiera was the next Minden scorer with the help of Beeneey and Rick Choy.

It was beginning to look like another shut-out as Minden pummeled another three goals into St. Andrew's mesh. With hardly enough time to coordinate a play Johnson had scored from Shapiera in 20 seconds. Shapiera took another point for Minden on a penalty shot at 9:21. The third goal came from Choy at 6:24 off of Shapiera's stick.

St. Andrew's was saved from a total shutout as the team scored at 5:52.

In the third period Minden's scorers kept motoring as Bret Austen, Booth and Shapiera teamed up for a precision shot at 2:10. The home team's final goal came with 1:16 remaining with Ingram profiting from a good pass from Casey Cox.

In the same semi-final play St. Giles put Cannington out of the running, to move into the championship position ready to face Minden.

In the championship game Minden took the title after defeating St. Giles 6-2. It was the first loss for St. Giles this season in regular or tournament play.

It had the makings of an exciting close championship game throughout the first period with neither team getting a shot past the opponent's goalies.

In the second period St.

Giles might have been following their winning ways with the first goal of the game.

It was just the opening Minden had been waiting for, as the boys shot in mark after mark into the mesh. Ingram assisted by Mann and Johnson found the target at 9:56 while Beeneey and Ingram and Cox pulled together for a point at 8:12. Nineteen seconds later Shapiera picked up a pass from Dave Lennie and Carpenter and at 5:06 Dave Lennie made the shot

from Mann and Shapiera.

As the minutes began to tick by in the third period it looked good for Minden with a four-point lead. But Booth wasn't to be satisfied as he fired another ringer into St. Giles net with the help of Shapiera at 8:43.

St. Giles managed to take advantage of their power play adding another goal to their score.

With only 20 seconds remaining, Shapiera wound up Minden's scoring with a great unassisted shot.

In consolation play, Baysville sneaked the winning goal past Fenelon Falls to take the match 3-2.

In the other semi-final game the play had to be called with less than two minutes left because Sacred Heart was unable to ice a team because of several game misconducts. Bobcaygeon moved on to the final with a battered 4-1 victory.

Bobcaygeon once again came out on top in the consolation final after downing Baysville 3-1.

Carl Hie, left, presented the consolation trophy to the Bobcaygeon Cougars at the tournament last Saturday. Minden Minor Hockey president, Mervyn Barry looks on. The Bobcaygeon team only lost one game during the tournament.

The Minden Monarchs were overjoyed when three victories led them to the championship last Saturday. Dave Dollo, centre left, presented the trophy to the

assistants and the captain of the local team. The tournament was the first to ever be hosted by the Juveniles.

Haliburton figure skaters recently competed in a Lindsay inter-club competition. Front row, left to right, Kim Curry, Noelle LaRue, Margaret Reiss,

Lianne Scheffee, back row, Cindy Byers, Jody McKnight, Shona Ross, Alison Sisson and Judy Finlay.

OMHA Atoms win three games

from page 6

Still keeping their opponents scoreless, the Haliburton boys shot another puck past the goalie with Johnston scoring with the help of Perrin and Warburton.

In the final minute of play the Haliburton team was hyped up with Nicholls scoring from Cooper and Brownson with only 15 seconds remaining and Brownson nailing the puck into the net on a pass from Cooper and Nicholls with seven seconds left on the clock.

The following night, Newcastle travelled to Haliburton

but the team couldn't break Haliburton's winning streak. Haliburton tipped the scales to take the match 3-2.

The players were skillful and the goalies even better in the first period as the minutes passed without a goal being scored.

Newcastle broke the scoreless streak in the second period with the first goal scored at 8:54.

Haliburton came back to tie the score at 3:11 with Cooper scoring on a pass from Nicholls and Brownson. The home team moved into the lead with only three seconds

left in the frame as Cooper scored again, this time with the help of Ben Packard and Nicholls.

The score was tied again in the third period as Newcastle added another notch to its belt with an unassisted goal.

With the score tied going into the last minute of play, Nicholls came through for Haliburton as Cooper and Packard set him up for a short-handed goal with 16 seconds left to play.

Haliburton lost its only game of the week in its first match against Pickering Village.

The game looked bright for Haliburton early in the game with Nicholls pocketing the marker with only 14 seconds ticked off the clock. Brownson and Cooper assisted on what proved to be Haliburton's only score of the game.

Pickering answered Haliburton's lone goal with three more points before the period ended. In the second frame the visitors racked up two more goals and ended the scoring spree with three more shots in the final period.

The Haliburton boys were defeated 8-1 by Pickering's team.

Minden seniors host annual super spiel

While Minden seniors curlers await their new rink, some 34 of them have been enjoying a great season of curling with Haliburton seniors as hosts. On the last Friday of February they held their "Super/Srs. Mini Spiel" at Haliburton, hosting strong rinks from Peterborough, Fenelon Falls and Bobcaygeon to meet three Minden and one Haliburton rink. Close games and fine curling, as well as great sociability when old friends met, made a fine day. Peterborough's rink skipped by Don Slemmons, and a fine rink from 'caygeon skipped by Ross Forbert were two game winners, while Lorne Coburn and Tom Hurta skipped Minden rinks to one win and one loss. Coburn was

COUNTY ECHO FAMILY

Extendicare News

by Dr. W.O. Anderson

In our absence in Florida a few changes have occurred - Barbara Ramsay is the secretary replacing Donna Dillon. If we do not expect too much too soon she should fill in very well.

One of the relatively inactive members of the Happy Gang died February 20 at the good old age of 99, simply unable to participate in the pleasurable activities like many of us.

Cheryl Athoe, a student in the Ontario Career Action Program has been added to extencicare staff on activities.

Jack Henderson, a World War 1 veteran of West Guilford, is the latest resident to join the Happy Gang. His wife Peggy, his war bride was here and how they are joined to live happily ever after.

June Devolin brought her friend Joan Brown with her to conduct Bible study Tuesday morning. It being Shrove Tuesday its meaning was a theme of study. Webster's dictionary gives it as the verb of shrive 'the confessional or alternately communion. Also being pancake day we had pancakes for the noon meal, to begin the 40 day fast of lent. How quaint those old English words are as embracing English Christianity.

Bingo is the highlight of Tuesday, having Bernice Ross as the lone volunteer, but Cheryl Athoe did her stuff by helping too. As usual Ray Smith alternating with Allan Macklin called. Strange how finicky luck can be at times with maybe a dozen possibilities needing only one number called to win a score but losing nevertheless.

In an effort to have our enjoyable FM radio listening restored we called Glen Robertson, the installer for the Lindsay TV Cable Company, to connect our FM radio to the cable inlet. This was done Friday morning to restore the lovely FM music. The contraption we had before that was dismantled in our absence was not a fire hazard as we were told but an atmos-

phere polluter of electronic nuisance interference of everyone's TV's and FM radio for miles around in every direction. You may be sure we did not want to be guilty of such a dastardly offence and we are so glad that Glen not only gave us the radio again by using a coaxial cable instead of, as we had it, a wire. He put a splitter in, a device through which the incoming cable is divided in two like a Y, one leg to the TV, the other to the radio. A coaxial cable is a wire in the centre of a flexible metal tubing, which is itself a shield to contain any electronic interference, so none is broadcast. Now the radio is better than before.

Trust the Happy Gang to think up work for someone else to do, but it is a fact that only two or three of us are able to stir about but are too old to be trusted with dangerous tools. In a discussion among us it was thought that the perimeter of extencicare grounds would be nicer if it were groomed to a depth of about 50 meters (or yards if you happen to be anti-metric). As far as we know the area in question is Dysart et al parkland. Most of the dead trees or limbs are in about enough quantity to pay for the effort. It would be an ideal place in the shade for many of us on a hot day. Permission from the municipality would be required but should not be difficult when we realize that grooming would favour much better growth of living trees left, and may even lead to more grooming as its effect on that is realized.

In last week's news we failed to mention sky diving, a real sport in Zephyrhills, done at a rate of maybe 100 in every hour from dawn to sunset. The Cooper home is only a mere 200 yards (or meters if you wish) from the 1000 acre airfield where this diving is done. It costs these divers 8 to 16 dollars depending on the level from which they dive and there is on the average a girl jumper for

every three boys and it is amazing how much enthusiasm they all display. Any diving from 3000 feet has an arrangement that opens the parachute immediately, a rule of aviation.

Above that they are allowed to free fall to 3000 feet then release their own parachute. Some will free fall from 12,000 to 3,000 which is a real dive and very exciting. We watched them for hours Saturday from chaise longues, a delightful way of getting a quick sunbath. To tell the height each diver has an altimeter dial in their vision at all times.

As they descend they have means of steering their craft almost as if it were an aeroplane, even though they seem to be tossed about if there is much breeze but they can land on a target of land at will if it is no bigger than a square yard. Now that we have told you how, some time you get a chance try it even if it is costing \$8 to \$16 for a dive. The Zephyrhills billies assure us they have no accidents, and after a drop they scurry around to pack their parachutes to drop again time after time.

Thursday evening we had what is called on our bulletin board - party skits, music involving a Royal Canadian Legionnaire black barett Hugh Kirkland pianist, Harold Brodhead legionnaire violinist, and legionnaire Peggy Neville voice, a delightful trio. There were war songs, legionnaire songs, old-time favourites, some of the latest hits, piano solos by Hugh, violin solos by Harold and the skits, we do not think we should say. Then came the punch and cheese dreams and brownies, a good night, one to gladden the hearts of all. Thank you kindly!

Friday morning was "World Day of Prayer" led by the Rev. John James of the Haliburton United Church, his wife Barbara, Jan Shipley pianist, in which a set form of prayer and worship with Irene Patry, and Eva Howe,

the readers. It was a splendid demonstration of adoration to our heavenly father, the supreme almighty creator of the universe. In an after service snack of tea or coffee and cookies and goodies it was nice to have the Rev. James and wife and all others who participated with us for a quiet chat.

Three movies were shown in the afternoon, Ray Smith projectionist - 1. Frustrating 4's and fascinating 5's as demonstrated in a little boy. Just where we residents come into that concern we do not know. 2. Crafts of my Province, which was of course New Brunswick and chiefly pottery and its stages of fabricating were shown. 3. A study of living trees showing their cellular make-up. It would appear to us that no

amount of study like this has made any impact on their preservation.

The Happy Gang is informed that one of our number, Bob Berry died Friday. Our sympathy goes to all his relatives and friends.

Sally Ann did not forsake us after all - Sunday afternoon Ron Mailman of the Haliburton Salvation Army, with his trusty guitar and officer Amelia Sibley to give us a variety of spiritual music and to remind us that our bodies as of now will be transformed to spiritual ones for everlasting life.

Clifford Johnson has become like us obeying the same rules and regulations, eating with us and expected to be at meals on time. He should do alright, in his new extencicare home.

Senior League

by Linda English

Monday's activities began with fun and fitness in the morning. Several residents gathered in the auditorium to enjoy a program of fun and exercising to music. The fun and fitness program is meant to keep the minds and bodies of the aged active, and is held Monday, Wednesday, Thursday and Friday.

Crafts is held Monday and Wednesday afternoons on a regular basis and we're very proud of the work our ladies do. They have just completed a lovely hand-made quilt and are working on another.

In the evening Earle Cooper was here for music night. The residents enjoyed an evening of toe-tapping music and look forward to the next music night.

polluted that people cannot swim in it anymore. A Tribute to W. B. Yeats was W. B. Yeats life story which was very interesting to many of our residents.

Tuesday morning, Rev. George Elliot of Minden Anglican Church held an inspiring service in the chapel. Norma Barron played the organ for us during the service.

Later in the afternoon, a bingo game was held in the main lounge for all our bingo lovers. We have many residents here who thoroughly enjoy and look forward to the game.

In the evening Earle Cooper was here for music night. The residents enjoyed an evening of toe-tapping music and look forward to the next music night.

Wednesday evening the Hyland Crest Auxiliary members were here to assist at games night. Residents and volunteers played euchre, crockinole, poker, scrabble and cribbage. A fun night was had by all.

Thursday's tea party was served by Lochlin U.C.W. They brought sandwiches, fruit loaf and cookies.

Our thanks to the ladies for a nice afternoon.

Friday afternoon the World Day of Prayer was held in our auditorium. Many people from all denominations joined "with native American Indian women lifting their voices in praise and prayer to the great spirit". It is especially nice that this day of prayer is held in our home where it is convenient for the residents to attend.

At this point, I would like to say a few words in answer to the editorial which was published in last week's Echo. It is true that there are close to 60 employees at Hyland Crest. What the editor neglected to mention was that nearly half of these are part-time, and that the home has to be staffed 24 hours a day. The residents of Hyland Crest have excellent care and the majority are happy and contented in their environment. If you don't believe me, why not ask them? The editor

states and I quote, "And it is (meaning the public), also not unaware that recreational opportunities for the residents are limited, and that the home's bus seldom moves from the parking lot." I'm sorry, but I must disagree.

First of all the recreational program is not limited as I'm sure you can see by the preceding column. Also all activities are reported to the public every week through the Senior League column. As for the bus not leaving the yard, that too is false. There have been, and will be many outings planned with the bus. True, the bus is not used much in the wintertime, but what the public and obviously the editor does not understand is that the residents of Hyland Crest are the aged. It is by their own choice that they do not wish to go out in the cold or travel on snow-covered and slippery roads.

By the way, I didn't mention all the special activities that go on at Hyland Crest for the benefit of the residents, such as the Christmas concert, the Over 70's Dinner, the formal dinner, Fun Day, Punch and Crackers night, bazaars, just to mention a few. We would appreciate it if the editor would retract his statement regarding Hyland Crest activities which was printed in the March 4 issue of The Echo.

Guild News

If you admire the shimmering beauty of silk, visit the Rails' End Gallery, March 21 through April 11. The show is entitled "Silken Surfaces" and will cover a broad range of silk dying, as well as silk painting techniques by 16 well-known artists. The show is being brought to you through the Ontario Arts Council, with a special "meet the artist" day, March 21 at 3 p.m.

Flutist Melissa Stephens of Haliburton will provide background music and refreshments will be served.

Related Workshop As a special interest attraction, a four-day workshop under the instruction of local artist, Mary Wallace, will be held at Lakeview Centre, beginning April 4, from 9 - 4 p.m., April 7 and 9 from 10 - 3 p.m. Mary will instruct in the areas of hand painting with French dyes as well as indigo dying on silk. On the last day of the workshop, April 11 - well-known artist Dorothy

Caldwell, who's area is silk dying, will be guest speaker.

Cost of the four-day workshop will be \$40, which includes all basics; silk will be available for purchase.

Quilter's Busy for Toronto Sportsman Show Our Guild quilting group are now busy every day at the

Rails' End putting together another masterpiece of quilting to be exhibited at the Haliburton Highlands information booth at the Toronto Sportsman Show, 1981.

There was such a positive response at last year's show, the quilting group kindly consented to create another

sampler this year. The ladies are really pressed for time and have expressed a need for extra hands to have it ready in time. If you are a quilter and have a few hours to spare, please feel free to drop by the Gallery to lend a hand. I know it will be greatly appreciated.

Report from Parliament

by Bill
Scott, MP

Both Houses of our federal parliament are still locked in bitter debate over Prime Minister Trudeau's proposed new Constitution, and all other business of the country has been put on the shelf.

Many serious problems facing our country are not getting the attention they should have if Canadians are to be well served by their elected representatives.

Apart from the fact that the Constitutional debates are creating deep divisions in our country, between provinces and regions and between the racial groupings in our society, serious economic problems are presenting a threat to our standard of living.

There is evidence to suggest that our bitter wrangling over the Constitution, and lack of attention to our internal problems, is giving foreign governments a jaundiced view of Canada. A few years ago we were looked upon as one of the big five among Western nations, but today we seem to be regarded as a country that doesn't know where it is going.

Trudeau's tabling of his Constitutional proposal in the House of Commons was a colossal blunder, and so was his hastily-put-together energy policy. The government's energy policy has resulted in a cut-back in exploration and drilling for oil in Canada, which in turn has resulted in an exodus of drilling companies from our Western provinces to the United States.

Last year the Liberals defeated the Conservative government on a promise not to allow gasoline prices to rise by eighteen cents per gallon, which was what we had proposed. In the year that they have been back in power the Liberal government has raised gasoline prices by 40 cents per gallon.

The federal government has a responsibility to develop and implement policies that will stimulate our economy, increase production, create new jobs and reduce internal tensions and strife.

If the Constitutional debates are preventing the government from devoting the time and effort needed to promote these measures, then the Constitution issue should be set aside. Our Canadian nation has been well served by the British North America Act for 114 years, and it will continue to serve us for as long as it takes to restore our economy and then to arrive at a consensus on a new Constitution.

Minden seniors host spiel at Haliburton

from page 7

assisted by Herb Gill, Haliburton and Herb Fischer, and Tom Hurtt led Al Barron, Stan Bleas and Garnet Campbell to an extra end win over Les Wallings' rink, making a perfect button draw with his last stone. Walling had Tom Stinson, John Bassett and Jim Grant on his rink.

Two rinks from the club will be visiting Fenelon in March. Our first local schedule, ending at Xmas, was won by Tom Hurtt's rink in a close run with H. Gill and Jim Burton. The second schedule was won by Lorne Coburn's four over Ed Pettinger. Now the play-

offs are on and winners in "A" and "B" groups will be known by March 19. Wind-up curling and dinner will be held March 26 to finish off a fine season of great (and some maybe not-so-great) curling and sociability. Our Haliburton seniors have enjoyed hosting Minden's fine group and we are sure the competition and friendships will endure forever. With Minden's beautiful new rink in operation next winter plans are for several inter-club competitions.

Ed Pettinger and Tom Stinson have jointly looked after this season's arrangements.

PROVISIONAL COUNTY OF HALIBURTON HALF LOADING REGULATIONS

All County Roads in the Provisional County of Haliburton shall be posted and enforced for half loads as soon as conditions warrant and signs have been erected.

VanLieshout new president

1981 real estate board meets

-Submitted-

The Haliburton District Real Estate Board has entered its fifth year of service to the County of Haliburton and property owners in Ontario. Prior to the founding of the

present board, the Real Estate Industry was served under a joint board with Lindsay, known as the Lindsay-Haliburton Real Estate Board - with a board office in Lindsay. James Cooper represented Haliburton on the

board as president. As the industry grew and geographic location and distances increased, it became apparent that the time was right for Haliburton County to form its own board. The usual parliamentary procedures and difficulties arose, but with much determination and experienced guidance the present board became officially recognized, with Lynn Craigmyle as its first president in 1977 and 1978. Bill Roodenburg served as president for 1979 and 1980. Norman Harrison served as vice-president for the past two years and was looking forward to his term as president. With a change in his employment and move to Belleville, it was necessary to accept his resignation. Appointed vice-president Larry VanLieshout became president of the board for 1981 and 1982.

At a general meeting in January guest speaker Frank Smith of Oshawa, as vice-president of Region #7, addressed the members. Smith gave a report from previous meetings held to deal with property rights and government regulations. He was thanked by Margaret Harrison who presented him with a set of candle holders on behalf of the board and members.

The installation of officers for 1981 was performed as follows: president, Larry

VanLieshout; vice-president, Kenneth D. Sanderson; directors, John O. Jackson, Marshall A. Leighton, and Donald G. Hall; past president, William Roodenburg.

Retiring president Bill Roodenburg was thanked for his time and efforts and contribution to organized real estate and was presented with an engraved desk set by Alf Wickens, a past director.

During the course of last year, board secretary-treasurer, Marie Brown resigned the position and Ellen Fyfe became the new board secretary-treasurer. A vote of thanks was extended to Marie Brown for her very conscientious service.

Cont'd. page 14

The Scoresheet

from page 6

Minden Novices have split their best of five series with Fenelon Falls at one game apiece.

In Fenelon last Thursday Minden won the first game of the series. With the home ice spurring Fenelon Falls on, the boys scored their first and only goal of the game in the first period. Kent Taylor put Minden's name on the scoreboard with an unassisted shot to even up the first period.

In the second period Joey Boyle scored from Taylor and Robbie Ackerblade.

With only a one-goal edge over their opponents the Minden boys were playing full-tilt in the third period to widen that gap. Taylor made the grade on a pass from Ackerblade, then Taylor returned the favour as he assisted on Ackerblade's next two goals.

In a return engagement Sunday in Minden, Fenelon Falls slid a marker past Minden's goalie to take the win.

The only goal pocketed during the match was scored by Fenelon Falls in the second period.

The final score was Fenelon 1 - 0 over Minden. Lorne Greer played an excellent game in goal for Minden.

The next series game will be played in Fenelon Falls Thursday at 6:30 with the fourth game scheduled in Minden at 7 p.m. next Tuesday.

From the Chamber

from page 5

for facilities for next summer. The "Welcome Centre" is getting fairly busy on weekends and we would remind you that brochures, flyers and business cards are welcome from all our members for distribution. Mail or drop them in and we will be glad to look after them for you. -- And don't forget, for only \$25 we will take them to the Sportsman Show for you -- but time is short, we leave on March 19.

PROVISIONAL COUNTY OF HALIBURTON ROADS DEPARTMENT ATTENTION TRUCKERS

All truckers who are interested in working for the Roads Department in 1981 are required to complete forms that are available from the County office. All forms to be returned by April 10, 1981.

DISTRICT NEWS

Kinmount Korner

by Millie Moss

Weekend guests of Win and Bill Wilson of RRI, Kinmount were Joan, Harold and their son, Mike Mills of Pickering. Bill and I stopped by to wish Joan a happy birthday on Sunday. Joyce, Jack and Ernie Hills, also of RRI, hosted Bill and I at a lovely dinner in their home on Saturday evening, February 28. We thoroughly enjoyed ourselves and were pleased to meet with other family who were visitors from Scarborough. It was a pleasure, Don and Barry Hills and Monica Alphonso. Happy birthday to you, Joyce, on March 2.

The winners of the Norland firefighters hockey pool on February 21 was Leonard Greer of Norland and on February 28, Rick Armstrong of Toronto.

Mary L. and John Pyke were dinner guests of Helen and Alex Graham in Norland, Sunday, March 1.

Vi Cook of Irontide, visited with her sister, who is a patient in Haliburton Red Cross Hospital a week ago Monday and upon returning home found that a cement truck was involved in some kind of accident and had ended up on its roof right in front of her house, on the highway. A second cement truck, along with the police soon after, arrived at the scene. Vi did not know if the driver had been injured but let's hope not.

The euchre scores at Galway Hall last Wednesday: ladies' high: Helen Johnston, ladies' low: Betty Stuart, men's high: Ray Hobbs, men's low: Ted Armstrong and most lone hands, Em Harper.

The St. Patrick's euchre scores on Tuesday night in Kinmount: ladies' high: Irene McNamara, ladies' low: Clara Watson, men's high: Mike Cain, men's low: Ray Hobbs and most lone hands: David Anderson.

Glad to hear Maggie Kylie's health is improving but sorry to hear Helen Jones has a cold.

There was a good showing of Kinmount folk at the Shrove Tuesday pancake supper which was held in the Burnt River Church Hall. Lots of pancakes, sausage and pie were served.

St. John's Parish in Peterborough held a special service to welcome the incoming Bishop Hunt, last week, with Bishop Garnsworthy taking the service. Bishop Hunt is now residing in Lakefield. Father Brooks, Ruby Schell

and Bertha Stata, all of Kinmount, attended the service.

Murray Schell, son of our Ruby in Kinmount, spent Wednesday night with his mother, leaving Thursday morning for Toronto and then home to Regina, Saskatchewan on Monday. Murray is a very busy man scouting for new faces to the hockey game. Betty and John Lonsdale stopped by Ruby's house to meet Murray and they had a very nice visit on Wednesday evening.

Happy anniversary Helen and Alex Graham on St. Patrick's Day, March 17. A happy anniversary to you too, Bill, on the 19th and thank you for putting up with me these past forty years. Hang in there old boy, it can only get better.

Bill Wilson was in Pickering for a few days last week. Sis and Jim Gillis spent a few days in Toronto last week and on their way home stopped at Miss Diana's in Lindsay where they were spotted by another Kinmount couple. Get better soon Mary.

World Day of Prayer was celebrated at Kinmount United Church on Friday and the ladies participating in the proceedings did a fine job. It was a very nice way to spend an afternoon and was followed by a delicious lunch. It's too bad we can't be as close every day of the year!

There is an organization in Haliburton who have a very caring group of people who are dedicating their time, ability and friendship towards helping others. If any of you seniors find you could use a little help with your income tax questions and forms, give these capable and willing folks a chance to help you by giving them a call at 457-2941. This group is also very concerned that each senior living alone has a telephone partner so that a daily call or visit is made. If any senior wishes to have such a friendly call or if you wish to become a partner, please, join our "Fone-a-Friend" by calling 457-2941. Come on folks, let's get involved! Most seniors with whom I personally have had contact have had a lot to give of themselves and some of the stories they tell you don't find in books! Some time ago, a questionnaire was mailed or handed out to all seniors in the county, in order to collect information as to the needs of seniors in our area. Many of these were returned, how-

ever, many were not. If you did not receive one, or have misplaced yours, please help out by calling 457-2941 and the good folks will be happy to send one along to you. The information you provide is of great use in planning future programs for seniors.

Here's a recipe called "Finnish Bread", even though it is in my recipes of Harbourside - 1 1/8 cups of margarine, 1/2 cup of sugar, 3 cups of flour and 1 beaten egg. Mix thoroughly and chill at least one hour. Form into rolls 1/2 inch in diameter, then cut into short lengths. Brush with beaten egg and sprinkle with sugar and chopped nuts. Bake at 325 F. until light brown, about 15 minutes.

Another good crowd made their appearance at the Kinmount Legion bingo Friday night and next Friday night the jackpot will be \$6 numbers.

Enjoyed our visit in your store last week, Marg and Jim Hockley.

The Kinmount five to a dollar store, by the way, is undergoing extensive renovating and should look very nice on completion. There will certainly be lots more room in which to browse and shop.

It was very nice meeting you last Friday, Ryan and I hope you're having a lovely visit with grandma and grandpa Hyams.

Glad to hear your headache is better on Saturday, Joan H. Those migraines are murder but very sorry to hear Ken is ill. Please get better soon, Ken, as I miss hearing you call out your cheery greeting as we both slave away outside.

Bill, Lorrie and Jason Moss spent the weekend in Barrie and Toronto.

Happy birthday to Scott Young on March 3.

A very pleasant surprise party was held in honour of Alice Pearson at her home, Sunday, March 1.

Welcome home Mr. and Mrs. John Dettman.

February 15, John and Lola Dettman travelled to Anaheim, California with the Fenelon Falls Old Fliers hockey team to compete in the first Southern California Old Fliers tournament. There were 26 teams from as far away as Nova Scotia and Quebec. Fenelon Falls met teams from Maidstone, Saskatchewan, Fairview, Alberta and Burbank, California. The Old Fliers defeated Burbank but lost to the Western rivals.

The arenas were designed for skating so it was difficult to play hockey. There were no dressing rooms so the players had to prepare for the games in their motel rooms. For the first game, the temperature was 95 degrees as the boys stood in full hockey equipment waiting for the bus to take them to the arena. In California where hockey is not a native sport, the local citizens must have thought they were an act from Disneyland as they walked the streets in their hockey equipment. Although hockey took up three days of their time a very lovely time was spent in seeing the sights which included Universal Studios and Disneyland. Everyone enjoyed the whole trip immensely which was made possible by the growing sport of Old Timers Hockey in which you'll find members playing a very high level of hockey in the 35 to 65 year group.

Hope your cold is better soon John D. Remember our shut-ins. Give me a call at 488-2399 and hopefully we'll be here same time next week. Have a nice day.

OPP Report

The Minden detachment of the Ontario Provincial Police report the following activity for the period of March 2 to March 8.

During this period there were six reportable motor vehicle accidents and two non-reportable accidents.

There were 63 general occurrences, which included five damage complaints, four liquor offences, three break and enters and two impaired driving offences.

Wilberforce News

by Winnie Schofield

This month marks the sixth anniversary of the Monmouth Senior Citizen Club and to commemorate the occasion a St. Patrick's Day party has been organized to take place in the evening of March 17 at the Memorial Centre. About 160 guests are expected as members from six neighbouring clubs have been invited. These include seniors from Apsley, Combermere, Bancroft, Cardiff, Haliburton and Gooderham. The Kawartha Old Time Fiddlers will be on hand with the music. The members will be welcomed and can look forward to a very happy celebration.

On Friday evening, starting at seven, there will be another of those popular craft classes held in the library. An interesting program has been arranged for the local children. We are fortunate to be able to have these free courses in instruction from Donna Herbert who is very experienced in arts and crafts. All children are welcome to this evening of fun and instruction.

A very important date to remember is that of March 19. That is the day that you select the kind of government you desire. We who live in Victoria-Haliburton area have three good candidates to

choose from. As you know they are John Eakins who represents the Liberal Association, Art Field for the New Democrats and Dave Murray for the Conservatives. Make sure your name is on the voters list at the post office. If it is missing you must be sworn in at the polls on election day. Bring along a friend to identify you. The voting takes place at the fire hall. Let's make this the best turnout yet to show our appreciation for having the privilege of voting.

Monmouth Fire Department now has a new 3,000 gallon tanker. They purchased a tandem truck and had the tanker built by the Haliburton Machine Shop. The tanker is rather unusual as it is of square construction being built in this way so that it could clear the doorway of the fire hall.

There will be a St. Patrick's dance held on March 14 at the Memorial Hall. A well-known

band will be on hand to supply plenty of good music. A good attendance is expected who will enjoy pleasant hours of dancing and relaxation.

Saturday, March 7 marked the cribbage tournament that

was held at the Wilberforce Legion Hall. A capacity crowd filled the building and some excellent games took place. Overall winners were the members from Coe Hill. They will host this annual event in 1982.

Farm News

960 head of yearling cattle will be pastured on the Victoria County Community Pasture this summer. These animals will be coming from 106 different farmers' herds from across the area.

The Victoria County Community Pasture Committee met last week to assign grazing rights for the 1981 pasture season. Farmers in the area had applied to have close to 1700 head of cattle

located on the pasture. A number of farmers accepted this year is the highest in the history of the 2200 acre Pasture Farm located between Hartley and Glenarm in Eldon Township.

For the past two years, poor gains in one of the pastures have caused concern for the committee. They are planning on making several management changes on this

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY A PART OF THE ORIGINAL ALLOWANCE FOR ROAD AROUND THE SHORE OF LONG LAKE AND PART OF LOT 5, CONCESSION IV IN THE TOWNSHIP OF DUDLEY, IN THE PROVISIONAL COUNTY OF HALIBURTON AND BEING MORE PARTICULARLY PART 3, PART 4, PART 5, AND PART 6 ON PLAN 19R-225

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284, Sec. 443 of The Municipal Act, R.S.O. as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on April 13th, 1981 a By-Law to Close, Stop up and Convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Dudley, in the Provisional County of Haliburton, being composed of part of the original allowance for road around the shore of Long Lake and part of Lot 5, Concession IV in the Township of Dudley, in the Provisional County of Haliburton and being more particularly designated as Part 3, Part 4, Part 5 and Part 6 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the Provisional County of Haliburton as Plan 19R-225. And which said parcel or tract of land may be further illustrated shown outlined in red on the Plan of Survey 19R-225 by H.C. Bishop, O.L.S. dated October 21, 1971 and which Plan of Survey is available for inspection at the Municipality of Dysart et al Office at Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-Law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-Law and who applies to be heard.

DATED AT HALIBURTON, ONTARIO this 2nd day of March, 1981.

Wayne B. Wood
Clerk-Administrator
AMTC

Chatting with Irene

by Irene Moore

To date blustery March has not shown its true colours and it is to be hoped that it goes out as calm as it came in. Then we can all laugh with glee that spring is on its merry way and the earth is coming to life again. Now that the snow is mostly gone, one can see the early bulbs starting to break through the ground.

Don't forget the card party at Hyland Crest Home on Friday 13 starting at 8 p.m. Have an evening of fun and lunch all for \$1 and who knows you might be lucky and win a prize.

Cora Hewitt and Joyce Hewitt have returned home after a holiday in Florida.

I was very surprised when watching T.V. the other evening to notice a fashion show showing styles for larger women. They were saying that some manufacturers will now be styling more clothes for the sizes over 16. Won't that be a boon to larger ladies?

Each dental cavity, no matter how small, when felt with the tongue seems as big as a hall. It feels so large and you wonder why. When measuring size, tongues often lie. After thinking it over, I'm ready to state, it's just natural for tongues to exaggerate.

Fires are still taking their toll and we were sorry to hear of Barb and Jim Todd losing their home but glad that no one was seriously injured.

I had a letter from the Haliburton County Home Support Services, and it is amazing the work being done in our county by the unsung heroes who are helping and caring. To get back to the

letter there are two programmes that they would like you to know about. (1) There are capable, willing volunteers ready in each community to "help seniors with Income Tax questions and forms". If you need help, call 457-2941. (2) The Support Services is concerned about senior citizens living alone and have formed the Fone-a-Friend. This person will phone or visit the senior citizen daily, so if you do not have such a partner and wish one join the group by phoning 457-2941.

Mrs. N. Cowen of Ottawa visited relatives and friends in the county recently.

There will be cartoons and films at the fire hall for the children from 2 p.m. to 3:30 p.m.

The Minden nursery-play school are having a skating party at the arena on Thursday, March 26. This skating party is open to all at the regular prices.

Nellie Dainard was the winner of the 2nd chance draw at Mac's last week and Shirley Bunker the winner of the 2nd chance draw at Stedmans.

The Minden and Haliburton Figure Skating Clubs are combining for their final weekend. They will be in Haliburton Saturday starting at 7:30 p.m. and in Minden Sunday afternoon starting at 2 p.m. Be sure and support the clubs by coming out to see "Toyland on Ice".

When you wonder sometimes if it is all worthwhile, something usually helps you. It happened to me last week when I received a letter; so from one Moore to another

Moore thank you for your kind words.

The Women's Institute will be holding their March meeting at the Parish Hall on Wednesday, March 18 at 2 p.m. Roll call is your favourite recipe. All ladies are welcome.

Here it is "Tomato Soup Cake", the recipe you have asked for. - 1 can tomato soup; 1 tsp. baking soda; 1/2 cup Margarine and lard (mixed); 1 cup white sugar; 1 egg; 1/2 cup chopped dates; 1/2 cup raisins; 1/2 cup mixed fruit; 1/2 cup cherries; 1 1/2 tsp. baking powder; 1 - 3/4 cup all purpose flour; 1/2 tsp. salt; vanilla. Dissolve soda in soup. Cream butter, lard, sugar, egg. Beat well then add to soup. Sift dry ingredients, then add to creamed mixture. Add fruit and vanilla and mix well. Bake in a moderate oven until top springs back.

Winners at the mini card party last week were: crib-

bage - Dora Dawson, Luther Wilson, Euchre - lone hand, Shirley Elcome; Freida Harrison on a cut, and Harry MacMinn.

Mr. and Mrs. Denzil Cox and Sally spent the weekend with Mrs. Ann Smith at Sudbury.

The United Church women held their March meeting at the church hall the evening of the 4th. The president, Mrs. Annie Kernohan, chaired the meeting. Mrs. Harold Deacon introduced the guest speaker, Mrs. Susanne Ripley who spoke on physical therapy at the hospitals and in the home. Her talk was very thought provoking and gave the ladies much more understanding on the work being done.

The devotional in charge of Mrs. Harold Morgan and Mrs. W. Moore, dealt with the unusual concordance on the text of that well loved hymn "Rock of Ages" as

reference to each line of this hymn is found in the Bible. A number of the ladies assisted in the devotional, which was closed with a prayer by Mrs. Morgan. The president then took the chair for the business session of the meeting. Adios and take care now.

Coboconk News

by Shiela Lake

Coboconk Branch 519 Royal Canadian Legion held a successful public speaking contest recently. Thursday evening, March 3, sixteen students from Burnt River, Coboconk, Kirkfield and Norland public schools thrilled a large audience with their

oratory. Winners in the senior division were, first, Pamela Potter, Norland; second, Denise Hannigan, Coboconk. Winners in the junior division were, first, Cathy Riehl, Kirkfield and David Perrault, Burnt River. The excellence of the

speeches and keen competition shown made the decisions of the judges, under the capable chairmanship of comrade Jim Hopkins, difficult. This is evident in that Cathy and David were required to make an extra three minute impromptu speech before a winner was declared in their division. First place winners carry Branch 519's banner in the zone finals at the Fenelon Falls Legion hall March 15 at 1:00 p.m. Give our young people your support by attending this entertaining event.

for many, many years and will be missed in her capacity there. Funeral was held from the Bryant funeral home on Saturday.

The World Day of Prayer was held at Christ Church Anglican on March 6. The speaker was Mrs. Laura Guant and a very large crowd turned out for this time of worship.

Mr. Chas. Brohm of Norland and Mr. Ross Faulkner visited their sister, Mrs. Ada Irwin in Lindsay on Friday.

A sleigh ride that wasn't - but turned out to be a wagon ride, due to lack of snow, took place Friday evening at the farm of Grant Quinn on the French Settlement Road. The young people from Coby, Fenelon Falls and Shiloh Christian Centre enjoyed the ride. After the ride, hot dogs and hot chocolate were served to the young folks.

Dorset News

by Phyllis Briscoe

"The only weapon that becomes sharper with constant use is the tongue."

The sympathy of the community is extended to the family of Donald McEachern who passed away at the

Bracebridge hospital on Tuesday, March 3 after a short illness. Funeral services were held at the Reynolds' Funeral Home on Thursday, March 5, Rev. J. Stewart officiating.

Donald had been residing at the Pines in Bracebridge for the last few years but prior to that had been a life-long resident of Dorset where he had many friends.

The World Day of Prayer service in Knox United Church was very well attended. The theme was "The earth is the Lord's". The guest speaker was Rev. Delbert Stewart who gave a very interesting and inspiring talk on the environment and our responsibility as Christians to protect and take care of the beauty and resources with

which we have been endowed. To help beautify the service Mrs. J. K. Braham of Dwight sang a solo, "We Love The Place, O God". There were visitors from Dwight and Hillside.

Hector and Marcella McKay took a trip to Niagara Falls recently to visit Marcella's sisters and their families, Noreen and Dick Isles and John and Helen Glenn.

The Dorset Senior Club had an interesting day last week when they visited the Frost Centre. After a sumptuous lunch they were guided to the lapidary room where Joe Stocking, who is in charge of this area at the centre, gave them a lecture on the different stages of cutting and polishing large stones that can be made into book-ends, etc. and producing small highly polished stones that can be made into jewelry. Some members of the group are very interested in this craft and may take further

instruction in contemplation of the senior club purchasing some of the necessary equipment.

Birthday congratulations to Orrie Avery who celebrated his natal day on Friday, March 6.

Congratulations to Les and

Handicapped vote by proxy

Special provisions are available to make it easier for handicapped voters to cast their ballot in Ontario's 32nd general election.

Qualified electors, who cannot attend a polling place through illness or physical disability and are so certified by a doctor, may vote by proxy. Or, they may choose or vote at an advance poll which offers level access or ramps to accommodate wheel chairs.

Proxy voting allows the disabled voter to appoint another qualified elector to cast the ballot on polling day. Individuals acting as proxy must be on the voters list in the same electoral district. A proxy voter may act for more than one relative, but only one non-relative.

A voter wishing to vote by proxy may obtain a proxy form from any Returning

Officer, but the completed form must be certified by the Returning Officer in the voter's own electoral district. The deadline for certifying proxies is 7:00 p.m., March 18, the day prior to polling day.

Advance polls, featuring level access or ramps, provide the handicapped or elderly voter with an alternative to proxy voting. Advance poll days are scheduled for Thursday, March 12, Saturday, March 14 and Monday, March 16.

A Church with the Community at heart.

As a mechanic, you know the nuts and bolts of good form. Ask Al.

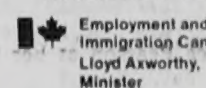

He fills out the UI Record of Employment perfectly every time an employee parts company.

When you're in good company, stay in good form. Al takes care of personnel and finance matters for a busy mid-town service station. And he knows that one of his responsibilities is to fill out a UI Record of Employment form every time an employee has an interruption in earnings. He knows that if he doesn't get it right the first time, he may have to do it again. So Al took the time to get the booklet "How to Complete the Record of Employment" from his nearby Canada Employment Centre.

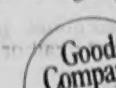

Leaving in good form. The Record of Employment is one way we can make sure no one gets short-changed and no one gets overpaid. This saves time and money for everyone involved. Al found out that the most common mistake is in reporting the "Insurable Earnings". Insurable earnings are not necessarily the same as payroll earnings. Because Al fills out the ROE accurately, ex-employees don't have to come back to him for changes. And neither do we.

It's just good business to be in good form. At Unemployment Insurance, we process about 4,000,000 Records of Employment every year. Last year, employer mistakes in filling out the form cost at least \$125,000,000 in overpayments. Plus the cost of recovering those overpayments and penalizing or prosecuting.

We're out to cut down that \$125,000,000. And we're going to do it, together.

Employment and Immigration Canada
Lloyd Asworthy,
Minister

Good Company Good Form
The UI Record of Employment
It's just good business form.

Canada

Farm News

from page 10

pasture this year in an effort to improve its carrying capacity. One part of this pasture will receive extra Nitrogen fertilizer this spring to stimulate an improved growth of grass. Another portion will be re-seeded to birdsfoot-trefoil. Fewer cattle are being placed on the ranch and all of the cattle on this ranch are slated for an early round-up.

A new idea which will be tested on the cattle on this pasture is the use of ear tags impregnated with fly spray to help control horn and face flies. Research data has shown that the use of these tags can give an extra 10 per cent gain on yearlings over the summer. The committee is confident that these measures will overcome the problem of poorer gains which were experienced last year.

The committee are advising all farmers who applied for grazing rights by letter as to how many head of their cattle have been accepted.

Increase in Rabies Compensation

The maximum amount of compensation paid to farmers for livestock that die from rabies has been increased. These increases were announced by Agriculture Minister Eugene Whelan and Ontario Minister of Agriculture and Food, Lorne Henderson.

Under the new compensation rates, a farmer may receive per animal up to \$1000 for cattle, \$500 for horses, and \$200 for sheep, swine and goats. The former rates were \$500 per head for cattle, \$350 for horses and \$100 for sheep, swine and goats.

Wild animals, in particular skunks and fox, are the main transmitters of rabies in this area. Farmers who are suspicious that their animals have come in contact with a rabid animal should contact their local Health of Animals office and their veterinarian right away.

MUNICIPALITY OF DYSART ET AL

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY A PORTION OF PART OF THE STREET ALLOWANCE BETWEEN BLOCKS XI AND XIII, PLAN NO. 1, IN THE TOWNSHIP OF DYSART, IN THE PROVISIONAL COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284 Sec. 443 of the Municipal Act as amended, that the Township Council of the Municipality of Dysart Et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario, on Monday, April 13, 1981, a By-law to Close, Stop Up and Convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Dysart, in the Provisional County of Haliburton, being composed of part of the street allowance between Blocks "XI" and "XIII", Registered Plan Number 1, known as the Town Plot of Haliburton, in the said township, and which said parcel or tract of land is more particularly described as follows:

PREMISING that the bearings herein are astronomic, derived from the Southerly limit of the aforesaid street allowance, having an assumed bearing of North 68 degrees 50 minutes East as shown on a plan by H. C. Bishop, O.L.S., dated December 17, 1974, of record in the offices of Bishop and Wilson Ltd. COMMENCING at the South Easterly angle of Lot 4, Block XIII; THENCE Westerly along the Southerly limit of the said Block XIII on a course of South 68 degrees 50 minutes West, 616.37 feet to a point in the Easterly limit of the Township Road;

THENCE Southerly along a curve to the left having a radius of 317.07 feet, an arc distance of 64.44 feet, and having a chord equivalent of 64.33 feet when measured on a course of South 34 degrees 05 minutes 09 seconds West; THENCE South 28 degrees 15 minutes 50 seconds West, 45.16 feet to a point in the Northerly limit of Block XI; THENCE Easterly along the Northerly limit of the said Block XI on a course of North 68 degrees 50 minutes East, 703.52 feet to the North Easterly angle of Lot 8, Block XI; THENCE North 21 degrees 12 minutes 10 seconds West, 66.0 feet to the Point of Commencement.

WHICH SAID parcel or tract of land may be further illustrated, shown in heavy outline on a plan by Paul Wilson, O.L.S., dated March 5, 1981 and hereunto attached.

AND WHICH Plan of Survey is available for inspection at the Municipality of Dysart et al office in Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law and its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-law and who applies to be heard.

DATED at Haliburton, Ontario this 9th day of March, 1981.

THANK YOU

The members of St. Anthony's Roman Catholic Church would like to thank the members of the Haliburton United Church for the wonderful evening which they staged on behalf of St. Anthony's Building Fund. The spirit of Christian fellowship and love exhibited this past Saturday were very much appreciated. 27-CA-11

We would like to express our sincere appreciation to the fire chief and volunteer firefighters of Stanhope Township, for their efforts in the loss of our cottage. Ruby and Randy Redlich and family 27-B-11

27 IN MEMORIAM In loving memory of Joe Blair, who passed away March 14, 1980. A beautiful memory of one so dear. We cherish still with love sincere; A day that comes with sad regrets To one that we will never forget. Fondly remembered by Kay, Terry, Sherry, Shelley and Kim. 32-P-11

HEWITT, Grant - In loving memory of a dear husband and father who passed away March 12, 1975. This month comes back with sad regret, It brings back a day we'll never forget, You fell asleep without saying goodbye, But our memories of you will never die. Sadly missed by wife Shirley, Gail and Dean. 32-P-11

NEWELL - In loving memory of our dad, Irvin Newell, who passed away March 10, 1957. Wonderful memories woven in gold, This is the picture we tenderly hold Deep in our hearts, their memory is kept, To love, to cherish, never to forget. Lovingly remembered by Mike, Yvonne and family. 32-P-11

In loving memory of David E. Reid who passed away March 9, 1980. My thoughts are always with you Your place no one can fill In life I loved you dearly In death I love you still. I know you walk beside me And when my life is through

IN MEMORIAM

I pray that God will take my hand And lead me straight to you. Lovingly remembered and sadly missed by wife Shiela, son David, daughters Annie, Maureen, Verna, son-in-law Bill and grandchildren, Billy, Shiela and Anna. 32-P-11

Monmouth township council meets

At the March meeting, Monmouth council considered the following:

Robert Stinson, Haliburton Highlands Chamber of Commerce, discussed the town-

ship's membership with council.

General voucher of \$15,508.67, welfare payroll of \$1,048.00, and roads voucher of \$6,408.53, were approved for payment.

Severance application

H328/80 - part Lot 35, Concession 13, re Lloyd Barnes was approved.

Severance application H21/81 re part Lot 32 and 33, Concession 17, re David Ambrose was approved.

By-law 81-7, a by-law to

amend By-law 78-6 as otherwise amended, was passed.

Council authorized Dave Barras to attend the 1981 T. J. Mahony Road School expenses to be paid by the township.

The clerk was authorized to have properties 1-403, 2-350 and 2-351 appraised, and listed for bid in the Toronto Star and Haliburton County Echo with bids to close April

15, 1981 with no bid necessarily accepted.

Council will apply for a 1981 Student Employment Grant in the amount of \$5,721.

Horse unharmed

Log trucks overturn in two accidents

Damage was extensive but no one was injured last week in two separate incidents in which trucks overturned.

Last Monday, on County Road 12 near Dorset, a stake truck driven by James Sisson, 17 of Dunsford, Ontario, slid on an icy curve and overturned in a ditch. Police say the passenger, a workhorse hired by Bell Canada, was unhappy

but not physically injured as a result of the mishap.

Last Wednesday, a log truck owned and operated by Harold Jr. Rowden, 26 of Minden Township, overturned

in the area of Lot 17, Concession 10, Minden Township. Damage to the truck, which was fully loaded at the time, was estimated at \$10,000.

Real estate

from page 9

tious and efficient work on behalf of the board and members.

Donald Fevreau of Montage Real Estate Limited was welcomed to his first meeting.

During February a breakfast meeting of the board and members was held at the Beaconbrook Hotel. David Gray, C.A., of the firm of Dawson and Gray gave a talk relating to Registered Retirement Savings Plans and Income Tax as it relates to commission salesmen. He was thanked by Lynn Craigmyle.

A directors' meeting was held in February at the board office. The numerous committees necessary for the efficient operation of the real estate board was set up with their respective chairmen and committee members.

Ladies win bonspiel

from page 6

winner was Pam Abram's rink from Richmond Hill.

In the high one game division two teams were given awards. Helen Featherstone's rink from Fenelon Falls and Jean Collier's rink from Haliburton were the winners.

Fenelon Falls, Cannington, Lindsay, Whitby, Richmond Hill, Weston and Minden.

The following sponsors provided financial support: CKCO television, Sir Sandford Fleming College, Easton's Red and White, Andres Wines, Bank of Montreal, OPP and Curry Motors.

Dorset News

from page 11

Robin Weatherell on the arrival of their daughter, Katie Lynn, who was born on March 2 at Huntsville hospital. The baby weighed in at eight pounds and one ounce.

H.H. To clean vases with narrow necks, dampen the inside with water and add toilet bowl cleaner. Let stand for 10 or 15 minutes and rinse.

Promises of God

Who is wise and understanding among you? Let him show it by his life, by deeds done in the humility that comes from wisdom. But if you harbour bitter envy and selfish ambition in your hearts, do not boast about it or deny the truth. Such "wisdom" does not come down from heaven but is earthly, unspiritual, of the devil. For where you have envy and selfish ambition, there you find disorder and every evil practice.

James 3:13-16

Peacemakers who sow in peace raise a harvest of righteousness.

James 3:18

Kidney Foundation of Canada.

Memorial Fund

Contributions to this Fund in memory of:

Rod Gorveatt
Jeff Hutchings
Penny Pripp
Wendy Schell

have been received since November, 1980 from coast to coast from relatives, friends, students and teachers.

The Fund totals \$3,500; however, it will remain open for those who wish to make future contributions.

The money in the Fund will be invested to provide for four \$75 annual scholarship in perpetuity in memory of each of the four students. The awards will be given on the basis of general proficiency to graduates of Grade 12 or 13 who proceed to further education at a College of Applied Arts & Technology.

On behalf of the families, I wish to sincerely thank everyone who has contributed to the Fund.

Sincerely,

T. B. Mosgrove

T. B. Mosgrove, Principal
Haliburton Highlands Secondary School

TENDER ESTATE SALE

To finalize the Estate of the late Walter Dennison; Part of Lot 13, Concession 8 for the Township of Minden, containing 45 acres more or less, having frontage on the Dennison Road and the Horseshoe Lake Road, being shown as Part 1 according to Plan 19R-1692, is being offered for sale.

The administrator will accept tenders for the outright cash purchase for this property with the closing date, 30 days from March 18, 1981.

Persons interested in this property are reminded that the lowest or any tender may not necessarily be accepted and that there is presently a reserve bid of \$14,500.00 on this property.

For an opportunity to view the property, please contact Mrs. Marie Austen at 286-2333. Written tenders should be mailed to: The Estate of Walter Dennison, c/o P.O. Box 158, Minden, Ontario, K0M 2K0 before Noon on March 18, 1981.

ONTARIO GOVERNMENT TENDER

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT R.S.O. 1970 AS AMENDED AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY CERTAIN PARTS OF ORIGINAL ROAD ALLOWANCES IN THE MUNICIPALITY OF DYSART ET AL, AS MORE PARTICULARLY DESCRIBED HEREIN

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284, Sec. 443 of the Municipal Act as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday April 13th, 1981, a By-Law to Close, Stop up and Convey the following:

FIRSTLY all that part of the original allowance for road lying in front of Lot 11, Concession 6, in the Township of Harburn, in the Provisional County of Haliburton, shown outlined in green on a Plan of Survey by C.D. Copeland O.L.S. of record in the Department of Public Works of Canada, Plan Number 206114 and which Plan of Survey is available for inspection at the Municipality of Dysart et al Office, at Haliburton, Ontario.

SECONDLY all that part of the original allowance for road lying in front of Lot 30, Concession 7, in the Township of Guilford, in the Provisional County of Haliburton more particularly described as Part 1 on a Plan of Survey received and deposited in the Registry Office for the Registry Division for the Provisional County of Haliburton, as Plan 19R-236 and which Plan of Survey is also available for inspection at the Municipality of Dysart et al, Haliburton, Ontario.

THIRDLY all that part of the original allowance for road lying in front of the original road allowance between Lot 30, and Lot 31, Concession 6, in the Township of Dysart, in the Provisional County of Haliburton, shown outlined in green and more particularly described as Part 1, on a Plan of Survey received and deposited in the Registry Office for the Registry Division for the Provisional County of Haliburton, as Plan 19R-390 and which Plan of Survey is available for inspection at the Municipality of Dysart Et Al Office, at Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the same By-Law and who applies to be heard.

DATED AT HALIBURTON, Ontario this 2nd day of March 1981.

Wayne B. Wood
Clerk-Administrator
